SPARTANA 1985

VOLUME 63

SPRINGFIELD HIGH SCHOOL
2966 Sanitarium Road
Akron, Ohio 44312

"Can I Help You?"

by Cindy DeMali

Window shopping is a pastime that nearly everyone takes part in at one time or another. The frantic activity of a mall attracts many people who just want to look around. There is always something happening. The same type of atmosphere prevailed at Springfield this year. The many activities and events provided everyone with something to see.

Not all good ideas work—as was the case of assigned parking spaces. The situation created much confusion in the parking lot as well as in the office. Finally admitting defeat, the idea was dropped.

Once again sophomores wandered the halls after getting false directions from playful seniors. Students scanned the crowds searching for familiar faces.

So come along and see what happened. No need to buy. If anyone asks what you're doing, tell them, "just looking."

Right: As usual, Mrs. Grunder directs the traffic coming into the student parking lot. Below Left: Donna Lengyl and Tammy Lloyd once again enter the school for an exciting day. Below Right: Late drivers coming to school will have to contend with Mrs. Grunder as she watches the gate.

Above: Taking advantage of the free time Mr. Wallace has given them, Matt Harker, Bill Hill, Mary Joseph, Eric Sovak, and Chris Stevens work on their homework. Right: President of Concert choir, Mark Stringer, schedules a concert.

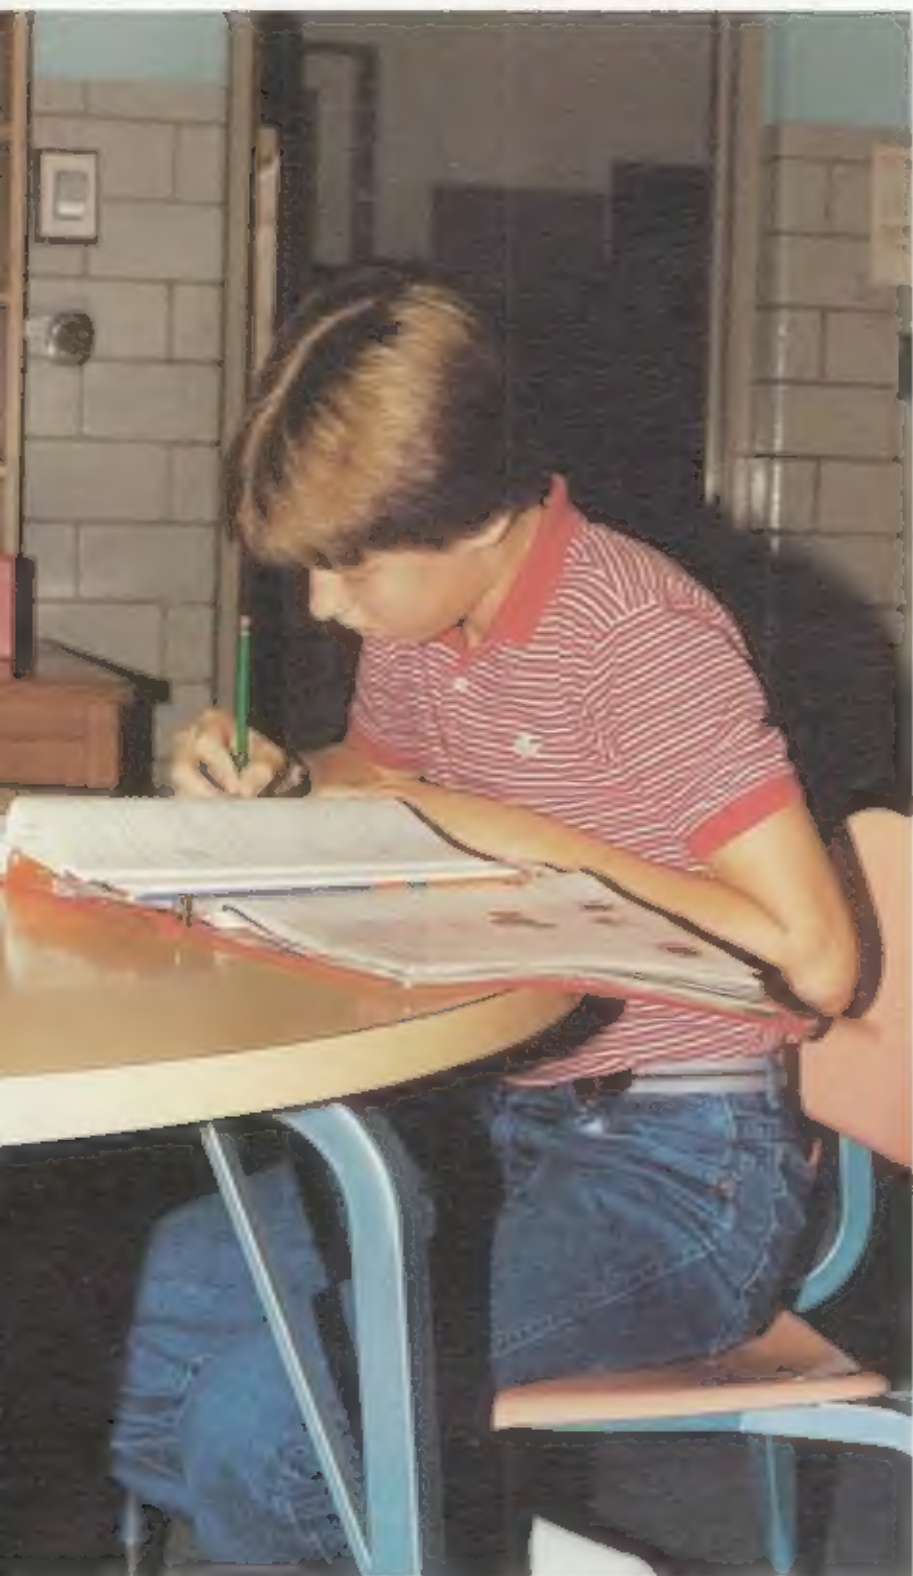

Top: Senior Jenny Tressel gives false directions to sophomores Mike Stevens and Becky Tressel. Above: Proud to be a Spartan, Michelle Misock and Julie McDonald are amazed at the number of trophies. Left: Taking a break for lunch, students relax from classroom pressures.

Right: Mrs. Blair is kept busy by students waiting to purchase milkshakes. As the popularity grew, so did the line.

Above: Sophomore Paul Kittle navigates a crowded hallway. Right: Mr. Sawhill, explains the schedule change procedure to Jim Dupratt.

“See Anything You Like?”

by Andrea Muto

Visualize Springfield High School in its first week of operation. Confident seniors and juniors returned to changes that shuffled classes from central to main building. The Language Department was dragged across the catwalk to the second floor main. History classes switched floors, and the art room was pulled from the dark, duncy depths of central to re-appear across from the library. No one, though, had trouble finding the counselors' office. It was jammed for days as students worked hard to formulate the perfect schedule. Adding to all this confusion were the sophomores, some of whom were petrified by this new, unfamiliar school.

Left: Troy Maxwell studies diligently in the IMC. Below: Students in A lunch enjoy todays absolutely delicious menu.

Left: Senior graphic arts student, Joe Huff, works on the Alumni game poster. Above: Mrs. Blankenship calls the office to confirm an early dismissal.

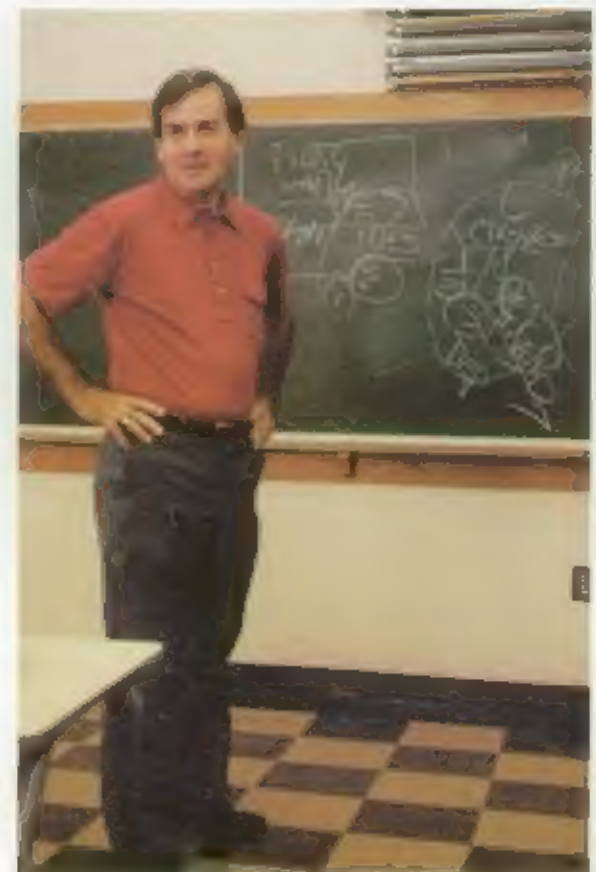

"Take Your Time"

by Lisa Charley

Once the confusion and excitement of a new school year began to settle down, ordinary daily activities seemed to start falling into place. The pace, generally, seemed more relaxed after the first few weeks of school. One exception, though, was the daily rush to the cafeteria. Teachers could be seen scanning the area for "cutters" and lost trays.

Spirit ran high during the 1984 football season. The Spartans remained undefeated until late in the season, when they suffered their first defeat at the hands of Akron Hoban. However, Springfield's record was improved tremendously from the previous year. By just taking a look, it is easy to see that this is the "Year of the Spartans".

Right: Before classes begin, Lee Columer studies for English Lit. Below left: Taking a break from lifting weights, Rob Wagner and Paul Stubbs look at the 1984 yearbook. Below right: Answering a student, Mr. Lowe replies, "boo, boo and have your parents call!"

Above: Sue Harris, Missy Mocarski, Kelly Moore and Lisa Hunt, stop to look at the showcase. Right: Joe Huff and Chris Stevens watch closely as Coach Vaughn demonstrates the proper form in foul shooting.

Left Congratulating the football team on their win over Ellet, the students applaud enthusiastically. Below Joe Huff and Larry Lucas proudly display "The Shoe" after defeating Ellet, as Mr. Jackson adds his approval.

Just Looking At Student Life

There is more to school than paper, pencils, books and chalk dust. Extracurricular activities give students a chance to express themselves in ways they wouldn't be able to in the ordinary classroom.

A real sense of togetherness was evident this year as students actively participated at assemblies, dances and other special events. Creativity abounded in and around the school. Decorations added color and gave

the building a cheerful, inviting look.

The students this year were not satisfied with just looking, they bought the enthusiasm and excitement of the Spartans.

Left: Kelly Moore ponders the selections at the newest addition to the cafeteria, the salad bar.

Top: Hiding behind their masks, these students show their spirit on Halloween. Left: Brian Monterth and Lee Ann Crites take a break. Above: Becky Weide, Cathy Rumbaugh, Julie Wolonsky, and Cathy Ginsky enjoy the sock hop.

Below: Showing off his hat, Victor Cole amuses the rest of the class. Right: Mr. Jackson, our principal, wore his favorite hat in keeping with the days theme. Bottom: Exploding with color on red and gray day, Laura Shaffer, Steve Yost, Shelley Bolyard, Lori Grayshock, and Debbie Jackson show their number 1 spirit.

Spirit Bursting with Color

by Susan Wolford and Debby Gillentine

Students proved their loyalty to the school by being especially spirited and participating in several of the spirit week activities.

Poodle skirts, leather jackets, and saddle shoes of the 50's were in fashion for the first day of spirit week.

Students then stepped into fashion of the 80's with their high heels, dresses, and suits.

The middle of the week was highlighted with all styles of hats and a rain-

bow of colored bandanas to help create a laid back look.

More color and excitement and color kept coming as the punkers crept into school.

Many of the students showed off their favorite rock groups and singers by wearing rock t-shirts for a day.

The student body topped off a successful week by dressing in red and gray to show their support for the football team.

Top: Karen Russell, Tanya Boyd, Ticia Czaroszewski and Pam Kuritz "punk out" to show their school spirit. Left: Amy Taylor, Melody Sumey, and Rick Sanner show their spirit on rock t-shirt day. Below: The Spartana Staff let their pride show on punk day. Bottom left: Jeni Grace and Rodney Anderson model their halloween spirit. Bottom right: The Spartanaires sing the Alma Mater at the homecoming assembly.

Success Despite Loss

by Mike Berger

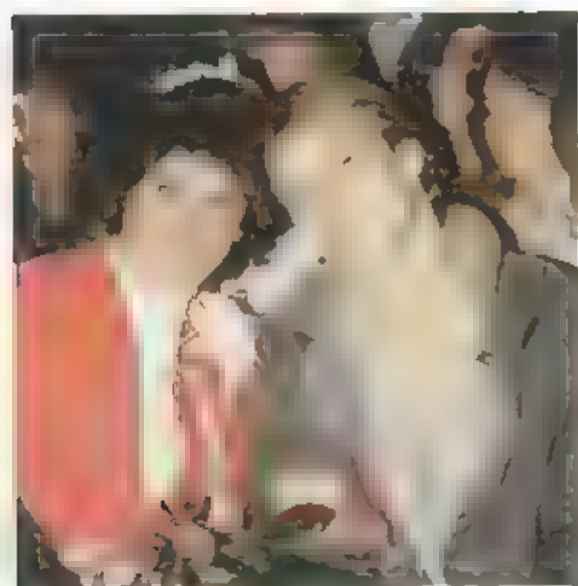

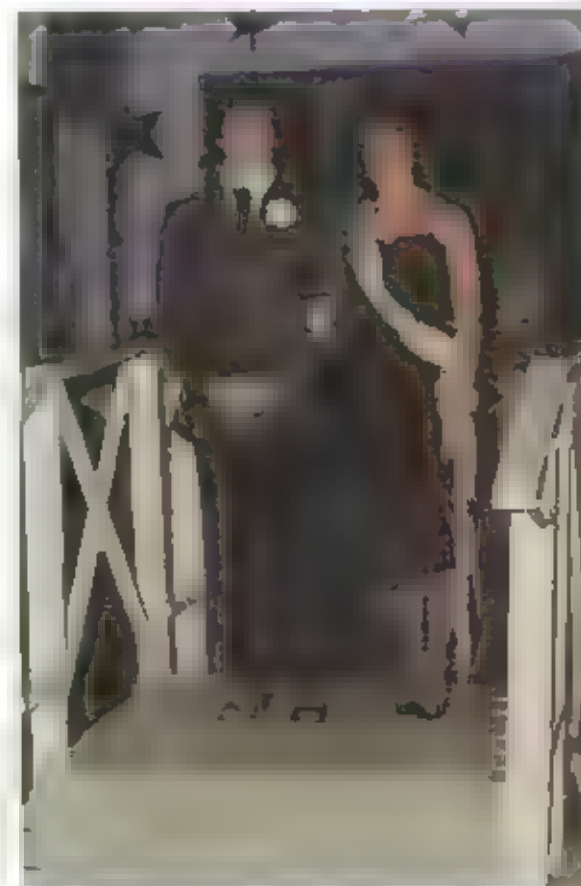

The Homecoming this year was a great success as a record 165 couples attended the dance. The decorations provided by student council, added color and elegance to the gymnasium. This years Homecoming Queen, Lori Haddix, and King, Lee Columer were crowned at the halftime of the

Kent Roosevelt game. Even though the Spartans lost 27-6, making their record 7-2, spirits stayed alive.

This years song was "Heaven", by Bryon Adams, played to the theme of "A Night in Heaven." Purple, silver and white were this years dance colors.

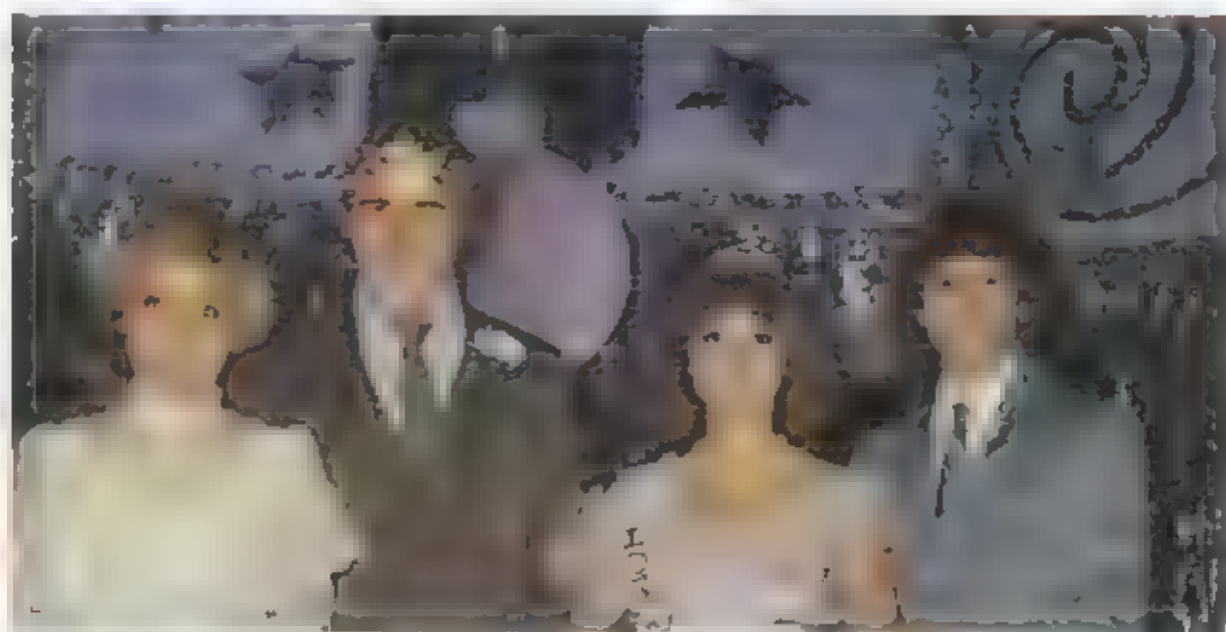

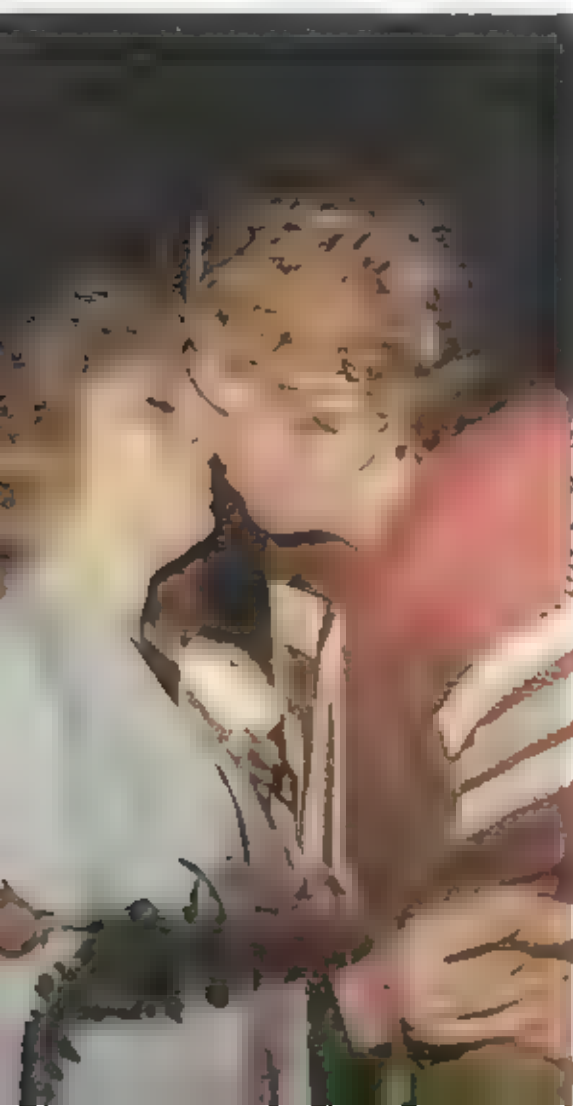

Below: 1984 Homecoming Court from left to right: Lisa Hunt, Debby Gillentine, Marie Capan, Susan Wolford, 1983 Queen Lori English, Terry Halman, Cindy DeMali and Lori Haddix.

Top Right: Court Attendants Terry Halman and Debby Gillentine congratulate Queen Lori Haddix. Right: Being announced at the dance, Marie Capan is escorted by her date, Larry Lucas.

Above: Sharing a very special moment is attendant Susan Wolford and David Oldham. Right: Attendant Cindy DeMali is escorted onto the field by her parents, Mr. and Mrs. Anthony DeMali Jr.

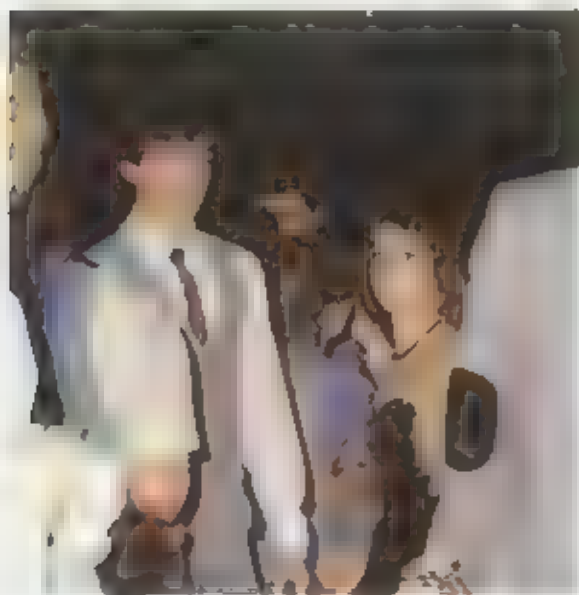

Top: Lori Haddix learns she is the 1984 Homecoming Queen as Cindy DeMail and Lisa Hunt look on. Left: Halftime activities come to a close with the traditional kiss.

Above: Posing for pictures at the dance are Michelle Bates, King Lee Columer, Queen Lori Haddix and Todd Uhl.

Success Despite Loss

Below left: Bill Habyan and Gloria Titus stop for a break between songs. Below: Introducing the 1984 Homecoming Court from left to right: David Oldham, Susan Wolford, Craig Kyser, Terry Halman, Mark Shaffer, Cindy DeMali, Michelle Bates, Lee Columber, Lori Haddix, Todd Uhl, Mane Capan, Larry Lucas, Debby Calentine, Mark Graham, Lisa Hunt and Bob

Above: Steve Trent and Michelle Holland stop for a picture before entering the Homecoming dance. Center: Having a great time at the dance, Bill Faust, Lynn Ball, Charlie Justice and Tammy Moore smile for the camera. Right: Emily Faust and her date enjoy the dance.

Top: Coach Pfaff looks on as Coach Staudt, Coach Pfaff and Dave Nelson look on. Left: Spartan band members prepare for the halftime show. Above: Joe Huff and Pat Wyman dump a Kent receiver on the turf.

Top left: Spartan mascot fires up the crowd. Top right: Mrs. Giele, Lori Walters, Bruce King and Rich Morek decorate the NHS door. Center left: Scott Becker, Carla Smith, Mrs. Morgan, Theresa Meeks, Glenn Wieland and Erik White, proudly display their work on the banner. Above: Mr. Ross and Mike Price decorate their door for spirit week. Right: Mrs. Wright restores pride to the school by decorating her door

Spartan Pride

by Stacie Claytor

The students and faculty had different ways of showing their pride this year. Nearly everyone participated in spirit week activities and pep assemblies. Also attendance and enthusiasm at sporting events increased significantly. The many different clubs and organizations lifted the pride at Springfield higher than it had been in recent memory

Left Bill Uhl, Brian Smith and Lloyd Miller indicate their pride in being number 1. Below Springfield students demonstrate their pride by supporting the team.

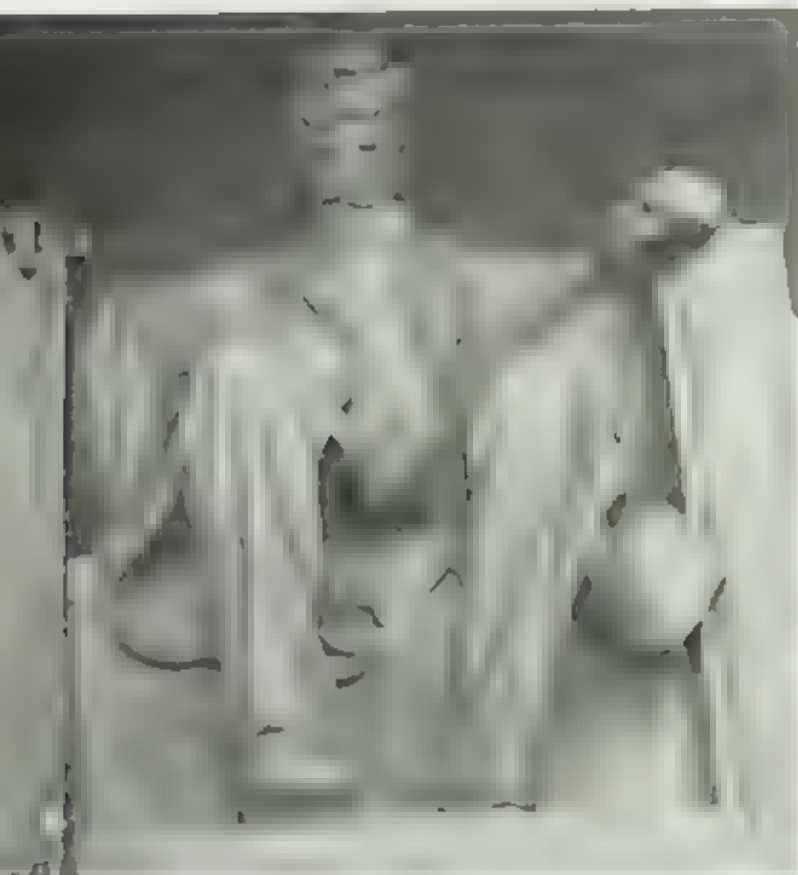

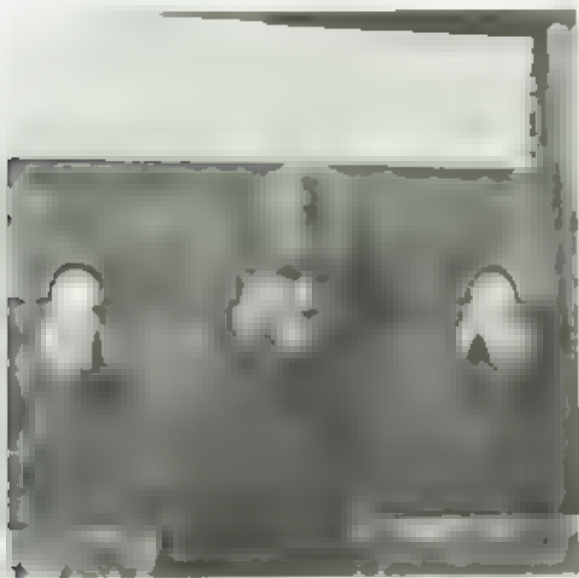

Just Looking Close-Up

As any student of history knows learning about past events from a text can be monotonous. When touring the Capitol or browsing through the Smithsonian Museums, though, historic events come alive and are anything but boring.

Each year, the Close-Up organization

encourages students to increase their knowledge of government by attending a week-long seminar in Washington, D.C. In the D.C. environment, students become aware of the government process, how it works and its link with the past. Special field trips included visits to Arlington Cemetery, Ford Theater, and Williamsburg, Virginia. Among those who participated from Springfield were: Priscilla Randall, Kimberly Hudson, Elaine Boston, Don Resch, Steve Willard, Michael Wroe, Tonya Boyd, Robin Iler, and Mr. Jones. Photographs by Don Resch.

Top: Steve Willard grimaces while taking his punishment. Above: "In This Temple As In The Hearts Of The People For Whom He Saved The Union The Memory Of Abraham Lincoln Is Enshrined Forever." Right: Steve Willard, Robin Iler, and two students from Minnesota pause to rest in the path of a charging army.

Left: Students reflect in silence on a black marble tribute that claimed 57,000 lives in an event unfamiliar to them. Below: Elaine Boston and her sister Cheryl (center) are taken back to life in the 1700's by a Williamsburg citizen describing his trade. Bottom: Dwarfed students solemnly approach the figure of Thomas Jefferson, shadowed in the majestic monument dedicated to him.

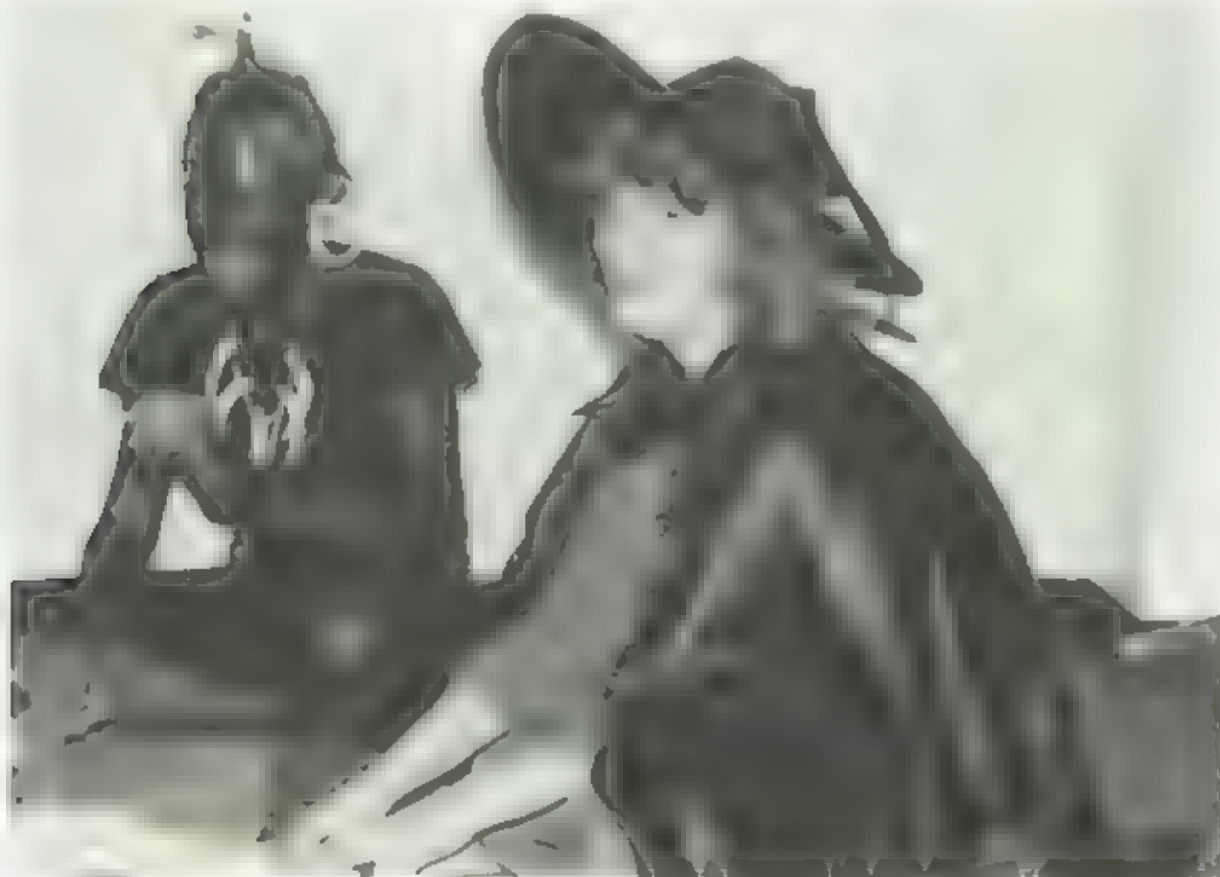

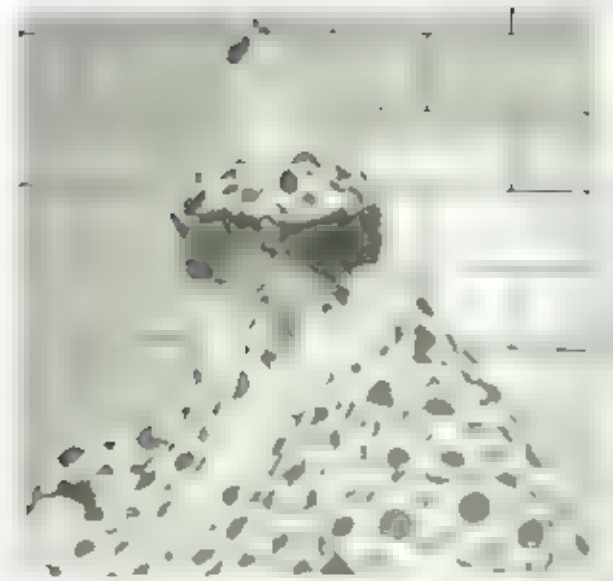

Holiday Spirit Shines

Holidays are always the most enjoyable part of any year, especially if one is surrounded by people who want to have fun. Holiday at Springfield High School were just that type in 1984.

Dressing up, or in some cases, down was a big hit this Halloween, and of course the traditional witch. Teachers even participated in the festivities making Halloween an all around enjoyable holiday.

The "halls were decked" and the mistletoe was hung," all ready for the grandest holiday of the year. Christmas came as usual, but to some students not soon enough. December 24 was the first day of Christmas Break keeping everyone in school later than previous years. To ease the monotony Santa Claus came to visit several good boys and girls during lunch.

Above: The first African Pygmy and the Wicked Witch of the West get in on the Halloween fun. Right: Musclemen Chris Coleman, shows his femininity by posing as a house wife on Halloween. Top Right: Head clown from Ringling Brothers Barnum & Bailey Circus returns to Springfield to finish her education.

Top Left: Tonya Boyd and Teresa Gibson show their Halloween Spirit on Halloween. Top Right: Playing Santa, Bill Burket listens to a little girl's Christmas wish. Left: Stuck together for life Kelly Moore and Missy Mocarski head for the county jail. Above: Jeff May and Mark Shaffer show Santa that even though they're seniors now, they still love him.

Go Vo-Ed

Not even a barage of snow, ice, and freezing rain could hamper the activities of Vocational Education week. The nasty winter weather forced the closing of school for two days and made the three day week a rather hectic but fun-filled schedule of events

Returning to school on Wednesday, vocational students were treated to a special presentation entitled "Magic With a Message." Using magic as his vehicle, Mr. David Brizius transported the audience through the world of work stopping along the way to emphasize attitudes and values

Valentines Day allowed students to show their appreciation for the staff and administration when teachers were colorfully adorned with carnations. Other vo-ed students demonstrated and displayed the tools and machines of their trades during the tech fair

Without a doubt, the most fun occured when vocational programs opposed each other in a volleyball tournament. When the spiking stopped, Remodeling and Construction emerged the winners. Of course, the faculty would have something about that. The faculty defeated the students in a special volleyball match bringing to a close the hurried activities of the 1985 Vocational Education Week

Above Tied up for the moment, Mr. David Brizius hopes to escape the knots made by Mr. Rinker and Mr. Close. Right Sandy Dexter and Sherr Haring watch as Bill Daniels pins a colorful carnation to his lapel.

Left The IOE classes battle it out in one of many volleyball games held during Vocational Education week. Below Melanie Moore and Gina Cody attempt to spark interest in their program.

Left The guest speaker assembly proved to be entertaining as well as informative. Above VICA president, Julie Warner, shows Mr. Mills just how much he is appreciated by presenting him with a carnation.

Going Places

by Lori Haddix

The Spartanairs had many opportunity to perform. They sang at The Quaker Square Hilton, Akron Center Plaza, Waterloo High School, several churches, and at many school functions. Members include: Ann Burian 11, Bill Burkett 11, Mat Calcei 11, Julie Coble 11, Beth Dies 11, Kara Dockus 11, Ken Foster 12, Ann Greifenstein 11, Lori Haddix 12, Matt Harker 11, Missy Mocarski 12, Kelly Moore 12, Shari Reedy 12, John Riely 11, Mark Stringer 12, Beth Wojcinski 12, Shelly Zonneville 11. The group plans to conclude the year with a trip to Kings Island.

Above: At the Waterloo High School Christmas assembly, the Spartanairs show their holiday spirit by singing Christmas carols. Center: After a long day of performing, Spartanair members Beth Wojcinski, Ken Foster, Bill Burkett, and Julie Coble help themselves to something to drink in Mr. Morris' kitchen. Right: Spartanairs: Row One: Beth Wojcinski, Julie Coble, Missy Mocarski, Beth Dies, Ann Greifenstein, Row Two: Ann Burian, Lori Haddix, Shari Reedy, Shelly Zonneville, Row Three: Kara Dockus, Matt Calcei, Bill Burkett, Director John Morris, Row Four: Ken Foster, Matt Harker, Mark Stringer, John Riely.

Below At Mr. Morris' house Kelly Moore, Missy Mocarsky, Beth Dies, and Ann Grefenstien relax and make themselves at home

Center Left At Waterloo High School spartanairs Lori Haddix, Ann Burian, Ann Grefenstein, Mark Slinger, and Shari Reedy sing at the Christmas assembly. Left At the Springfield Sound Spectacular Mr. Morris announces the next Spectacular act.

Top 1985 SWEETHEART COURT: Left to Right Cindy Brookbank and Steve Holbaugh, Kieth Self and Lisa Charley, Wendy Foster and King Chris Stephens, Queen Tammy Moore and Charlie Justice, Scott Miller and Amy Taylor, Carl Adey and Nancy Burian. Behind: Leeann Crites and J.R. McVicker, Brian Lewis and Ann Griefenstein. Above Left Enjoying the dance, Tracy and her date take a break. Above Right Halle Jones and her escort take time out to smile for the camera. Right King Chris Stephens and Queen Tammy Moore following tradition by dancing to the theme song "All I Need."

Cupid Lives

by Victor Cole

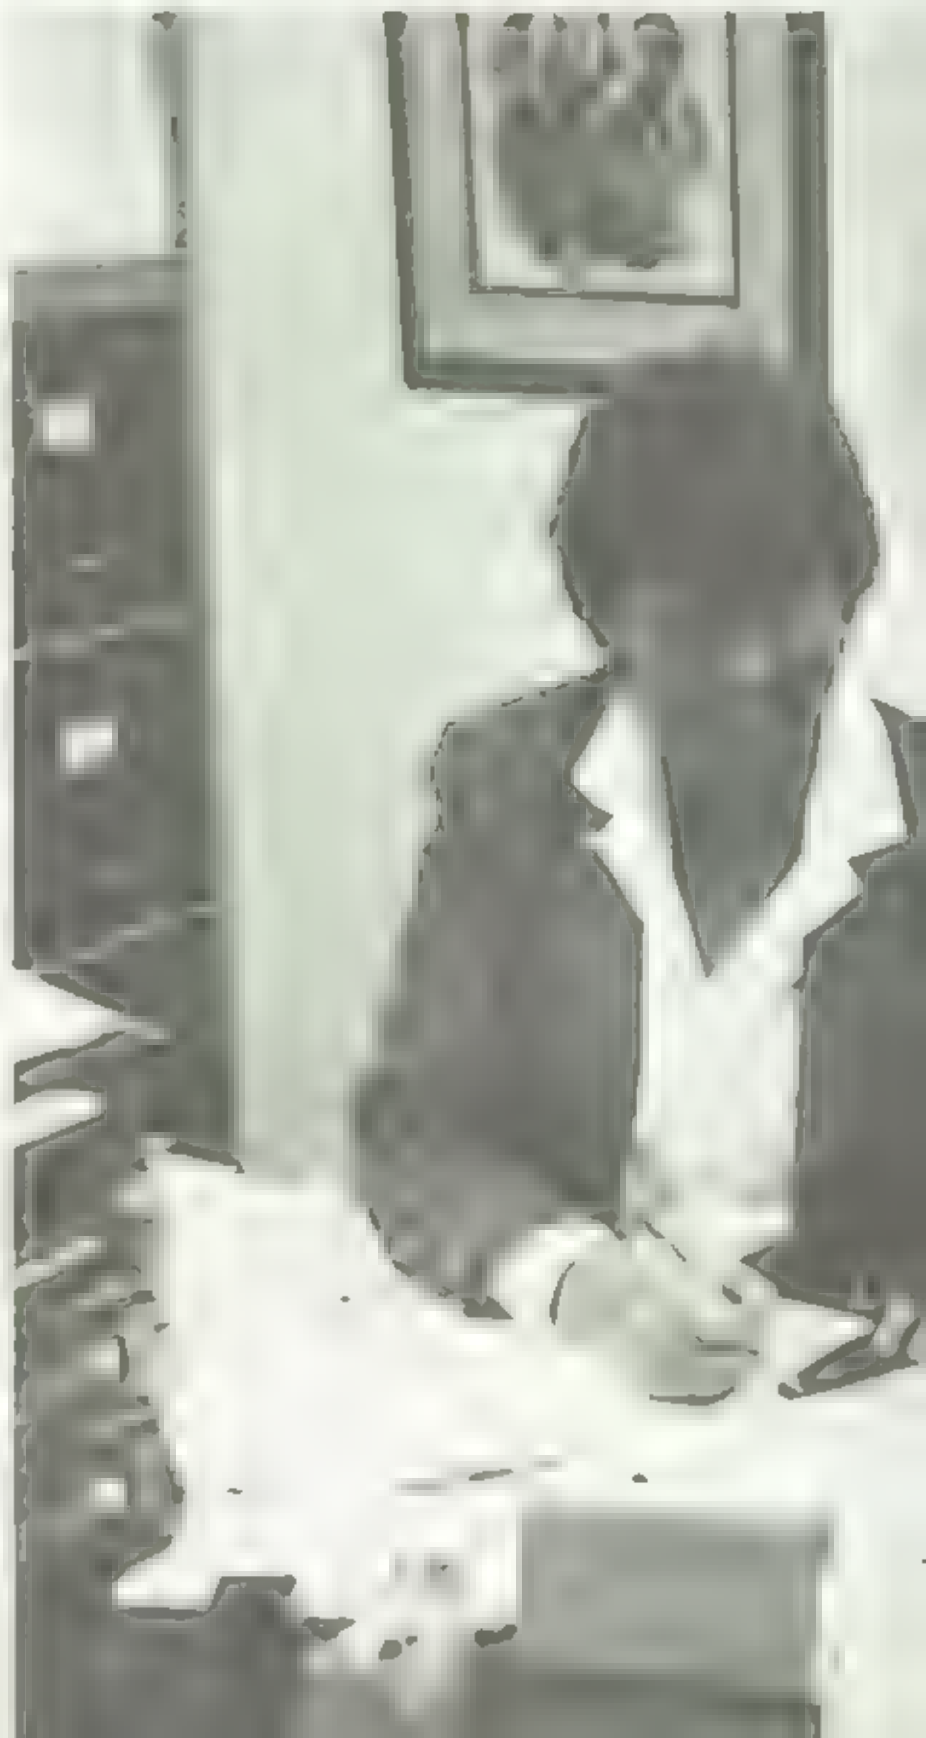

Out they came, all in their best. Queen Tammy Moore and King Chrs Stevens reigned over their royal subjects on the night of February ninth, nineteen hundred and eighty five.

Lovers gathered at the Sweetheart Dance for a futilled night of dancing and again socializing. It was apparent that Cupid was hard at work warming new affections, renewing old loves, and strengthening the bond between present sweethearts.

With "All I Need" as the dance's theme song, many a couple answered to each other with the word "you." Only the heartless could deny the romantic atmosphere that filled the gym.

Left: Getting ready to dance, Lazio Czalky and his date head for the dance floor. Below: Mark Barnes and Debbie Teeple take full advantage of an empty dance floor.

Top Left Mr. Hendrix explains the details of Senior Week to Kelly Herbruck. Top Right Mrs. Jones informs Mr. Chenoweth of the AV supplies needed for the office. Above Mrs. Keller, once again, helps a student plan her future. Right Mrs. Crites fills out a purchase order for Julie Coble to use for student activities.

Helping Us Along

Surely if students are to make sense out of their requirements and responsibilities throughout the year, there must be a place where they can get the help and security they seek. Evidently students feel that many of their needs are met in the confines of the high school offices.

Through the door of the guidance office, students amble in, wondering why they were sent on a quest for a classroom that does not exist. On the other hand, confident seniors settle in to listen as college representatives unravel the mystery of financing a college education.

Perhaps one of the biggest mystenes is the "zone" that students pass through before stepping into the principal's office causing an almost immediate speech and memory loss. Fortunately, it is not permanent. Students might wonder if they should receive a credit for their course in student life.

Top Left: Mrs. Greathouse assists Kirk Goodwin in finding a study hall.
Top Right: Monica Gleydara, Kirk Goodwin, Halle Jones, and Mrs. Keller listen to a college representative explain financial aid programs. Above: Mr. Kaiser assists Lisa Kay with her schedule.

Right: Bassist Jeff Mirka and drummer B.C. Richards rock the crowd with the heavy metal sound of "The Attix." Below: Larry Lucas flexes his attributes to the audience. Bottom: Adding a touch of Broadway, Beth Dies looks to the Big Apple for inspiration in "New York, New York."

Right: Trombonists Kirk Goodwin, Lisa Grandee, and Bryan Stintmiller stand for solos for a tune by Lionel Richie. Also pictured is pianist Elaine Boston, drummer Ron Pritt, trumpeters Michelle Reese, Cindy Wilson, and Glenna Brannon, and saxophonists, from left to right: Andrea Muto, Jessica Cochran, Missy Zonneville, Jerry Humphreys, and Glenn Weiland. Mr. Davidson is direction.

Sound Spectacular II

Sound Spectacular II was a great success. The 24 singing, dancing, and comedy acts filled the auditorium with laughter and great applause. Director John Morris was very pleased. He says "It sounded real spectacular."

Below: Michelle Henderson entertains the audience with her act "Tropical Delight" while her little Hawaiian friend looks on.

Left: Nerd Matt Harker gives his fans the perfect opportunity to examine his dental work. Above: Chris Weiland and Laura Magnuson tip their hats to the crowd as they end their duet "I Can't Smile Without You."

Just Looking **AT** Academics

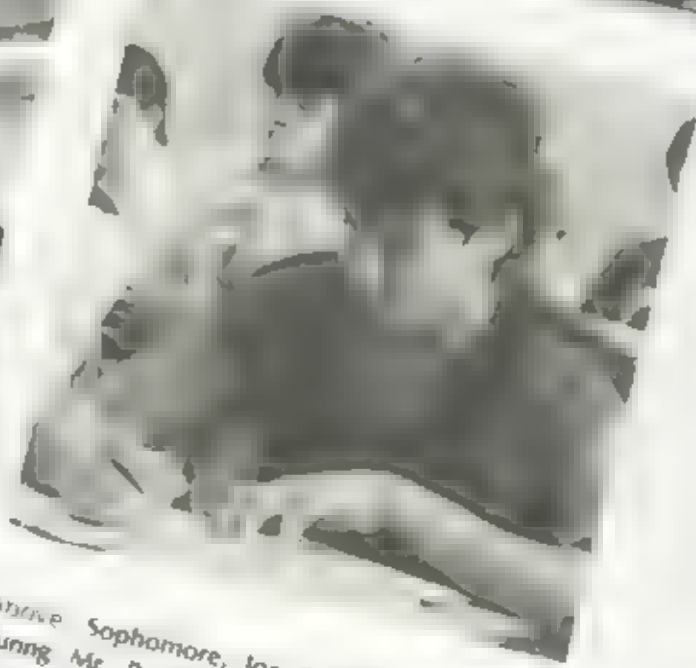

There may be more to school than paper, pencils, books and chalkdust but these are the reasons we are here.

This year was full of changes. A written composition curriculum was instated not only in the high school but in the junior highs and grade schools. The retirement of many teachers last year brought about a variety of new faces. A new course Applied Economics was introduced. Some things though do not change. The seniors are faced with the decision to further their education

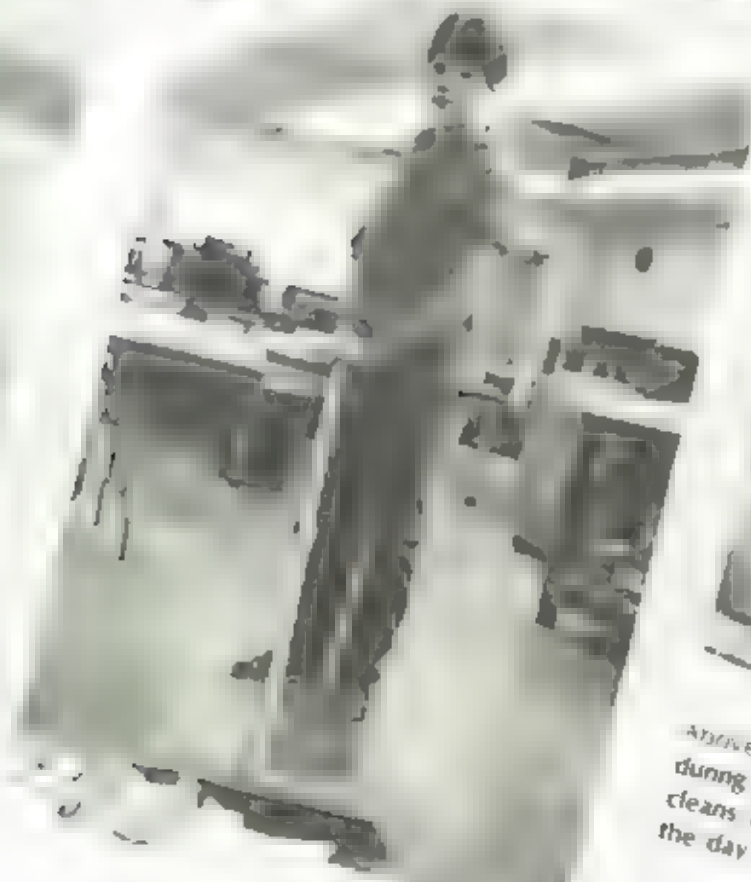

or to seek employment. The juniors plan for their futures and take college entrance exams. The sophomores are asked to decide between vocational education or a college prep curriculum.

There are many opportunities open to the students. When not busy with homework, the students spend time just looking.

et Mrs. Giele takes time out of her busy day to give Matt Caker a list of outstanding assignments. Below: Three of Mrs. Giele's students work hard while she is occupied.

Active Sophomore, Joe DiLauro takes notes during Mr. Proper's lecture. Left: Jim Wood cleans the graphic arts lab before the end of the day.

Students Offered Variety of Resources

by Lisa Charley

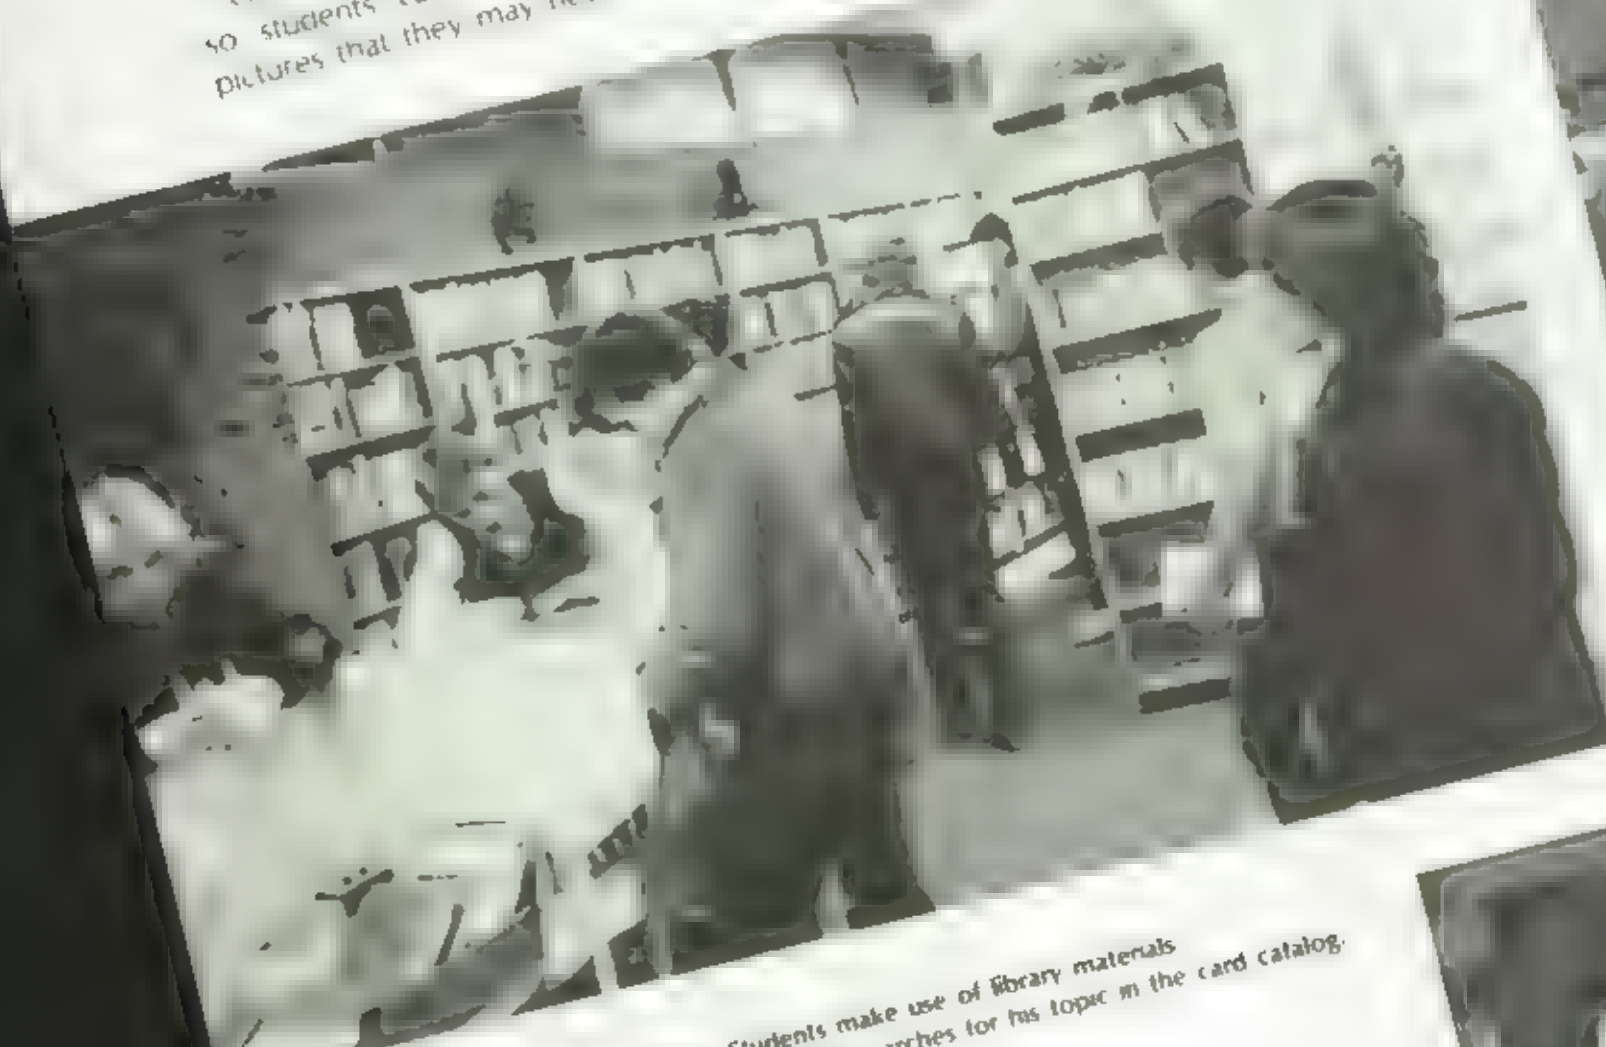

Students were bound to find some new and interesting material in the Instructional Media Center (IMC) this year. Mrs. Mills and Mrs. Bell have introduced a variety of new items for the benefit of the students.

During the Christmas season there were catalogs available so students could get ideas for shopping. Old magazines are stashed in a box so students can clip out articles or pictures that they may need.

There are over fifty college brochures along the wall where students can read about colleges that might interest them.

The Audio Visual Department supplied the school with televisions and tape recorders, which aided to class room learning.

These new items have made the IMC more enjoyable for students. The library is no longer a place for just books and encyclopedias.

Above: Students make use of library materials.
Right: Danny Falls searches for his topic in the card catalog.

Left Wendy Williams pauses from filing to pose for a picture. Below Audio-Visual coordinator Mr. Chenoweth arranges for a group to use the auditorium

Left Reading and research occupy Naim Malek and Bill Miller's time in the IMC. Above Michelle Patrick commands the switches on the auditorium light board.

New Teacher Sees Familiar Faces

by Mark Graham

Mrs. Morgan is enjoying her first year of teaching art at Springfield. Although this is her first year at SHS, it is not her first year in the Springfield school system. Having taught at Schrop Junior High for the past ten years, Mrs. Morgan is no stranger to many of the students in her classes.

All of those participating in the art program are turning out really good work. It appears that most students are enjoying themselves yet concentrating hard on producing worthwhile projects. Six students submitted portfolios to Kent State in hopes of obtaining a scholarship. Likewise other students had their artwork judged in competition.

Whether they are looking at a career in art, or just wanting to have fun, the art room is open to all interested students.

Above: Shelly Gleason concentrates seriously on her self portrait. Right: Mariena Morris takes a moment to reflect on her art project.

Below Mrs. Morgan critiques the artwork of sophomore, Renee Barnes. Left Seniors, Bill Habyan, Dave Bogunovich, Michelle Dunphy and Scott Becker work swiftly to complete their projects.

Above Working with the diligence of Picaso, Carla Smith paints a pretty picture. Left Lisa Rider puts the finishing touches on her handsome (?) pottery prodigy

A Variety of Programs

by Andrea Muto

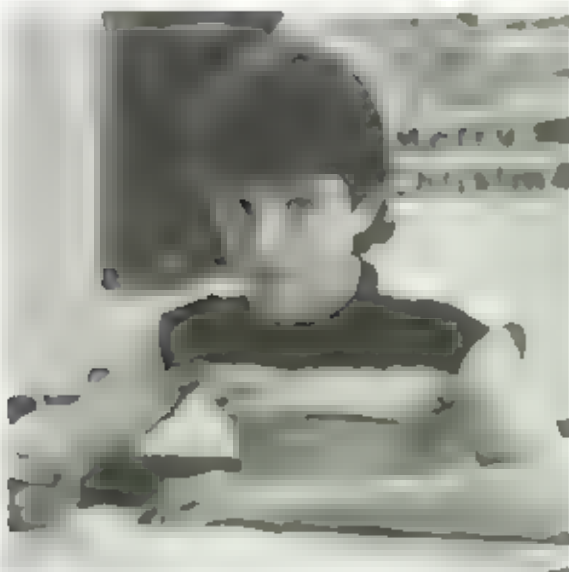

A variety of vocational programs at Springfield provide students the opportunity to learn through experience. With cooperation of industry, on-the-job training is offered to those who wish to work directly after graduation.

Occupational Work Experience (OWE), run by Mr. Herro, places students in unskilled jobs throughout this area. Distributive Education (DE) taught by Mr. Bowers, concentrates upon retail sales and merchandising. Mr. Hanna helps prepare students for skilled jobs through Diversified Cooperative Training (DCT). Work and

study are combined through Cooperative Education (COOP), correlated by Mrs. Hosey. COOP emphasizes health, community, and food services and child care.

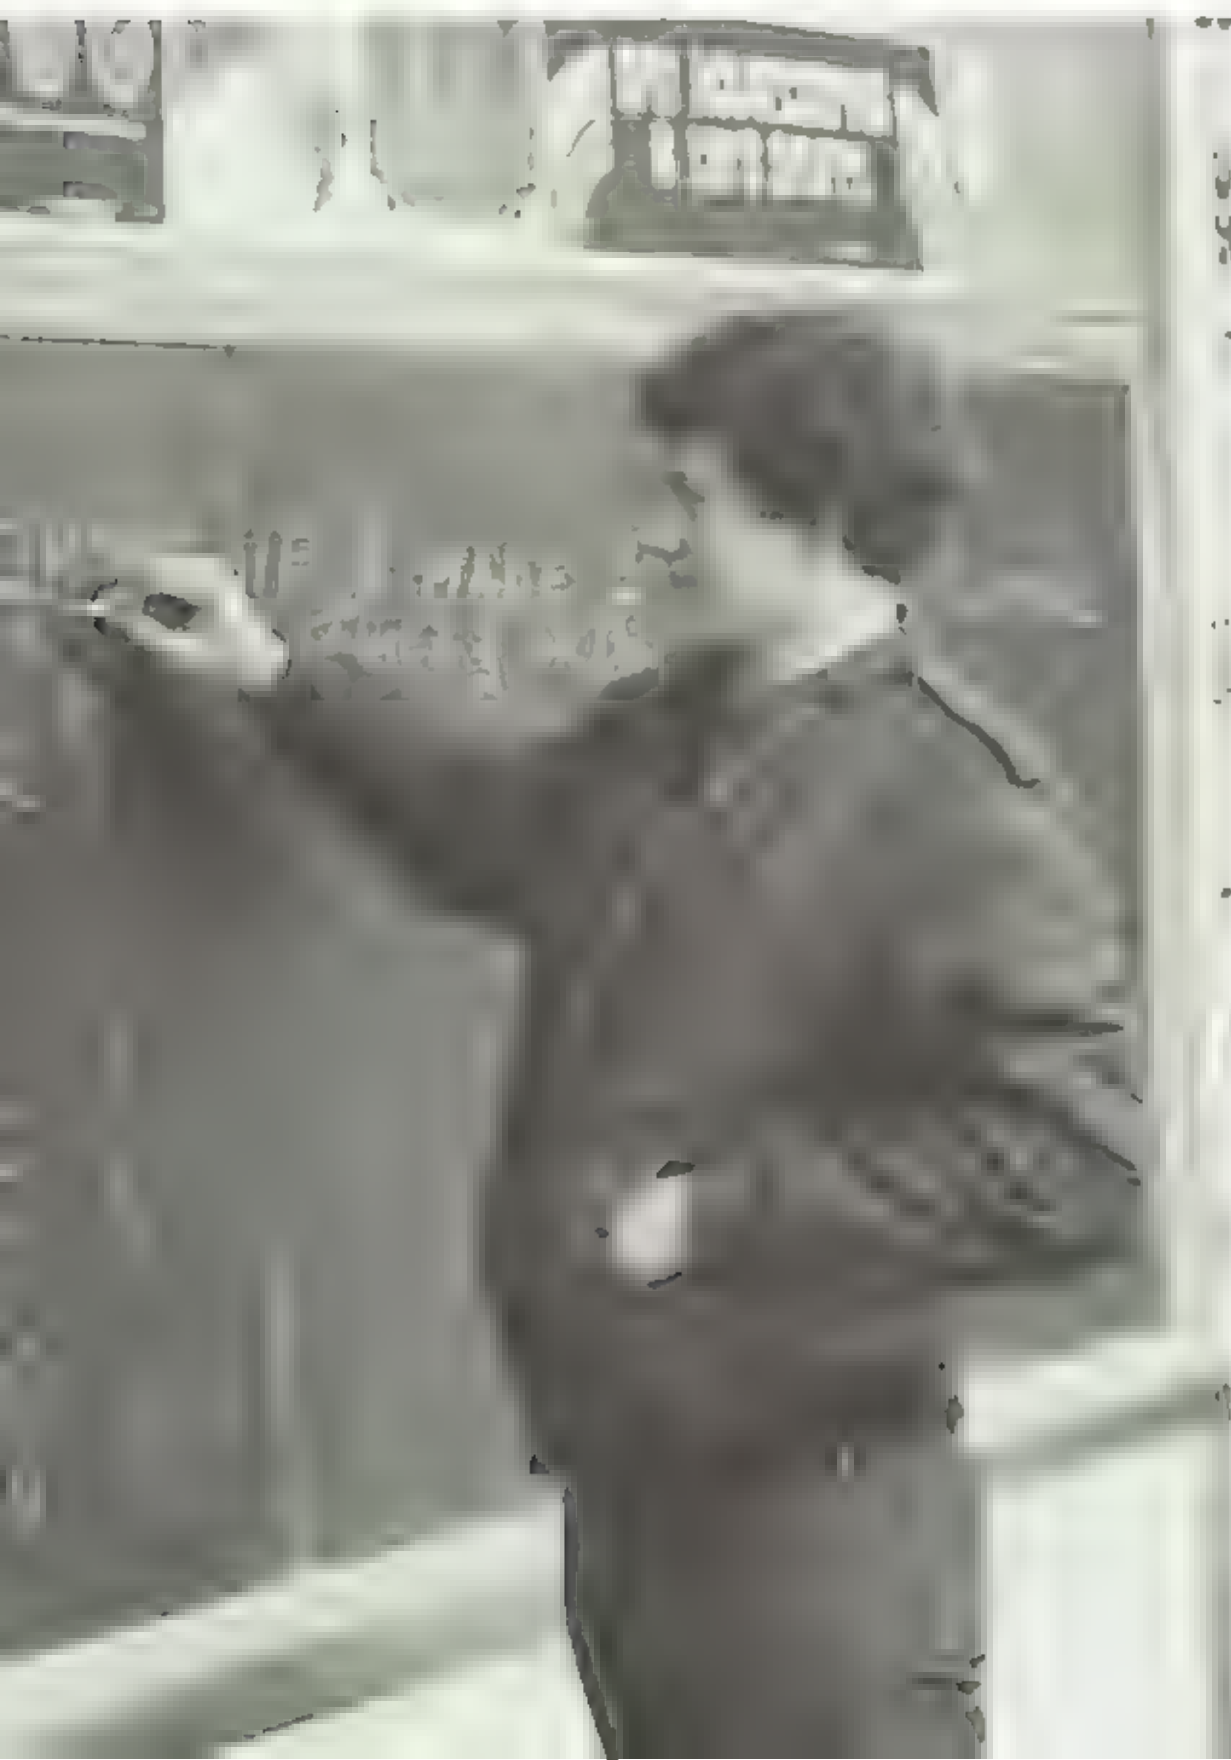

The variety of vocational programs at SHS give several choices of occupational fields. Through cooperation of school and industry, students can perform valuable services for their communities.

Right: Tammy Garey, participant in OWE program, seems pleased with her job at Giant Eagle. Below: Kay Kitter, Debbie Stallman, and Bryan Eves make a group effort in the D.E. classroom.

Above: COOP student, Duane Smith prepares his daily studies. Right: Richard Will takes a break from his job at Akron Air Products provided by OWE.

Top left Archie Stone enjoying his DCT assignments. Left Rob Young figures his finances as part of the DCT program. Above Preparing his DE homework, Kevin Asbury appears to be deep in concentration.

Mythology and Macbeth

Language Arts had a different flair to it for the College Prep Seniors. The Seniors, while learning about mythology and the Bible, took time off to attend Macbeth at E. I. Thomas Performing Arts Hall.

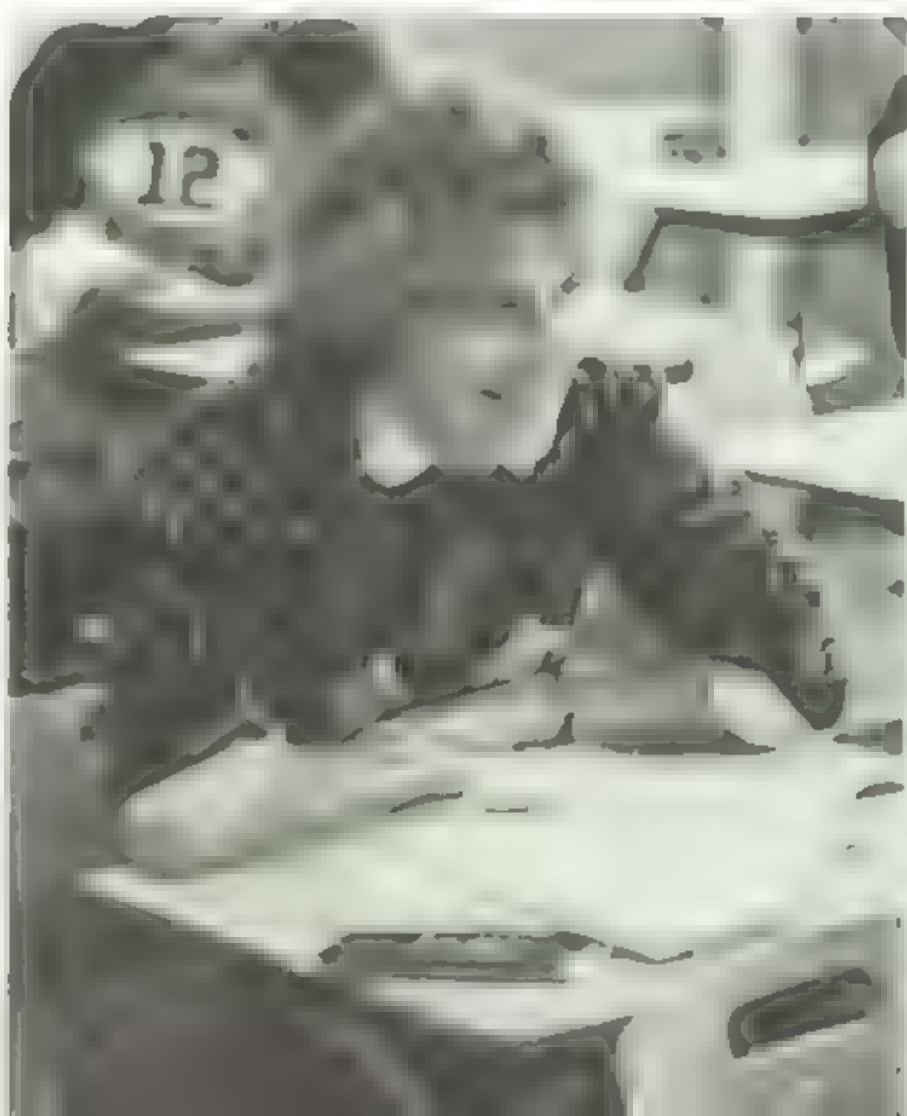

The Juniors had an exciting time learning about American Literature. Though, the real excitement for the Juniors came when it was time for the speeches. The Juniors had fun performing their speeches and also watching their friends perform.

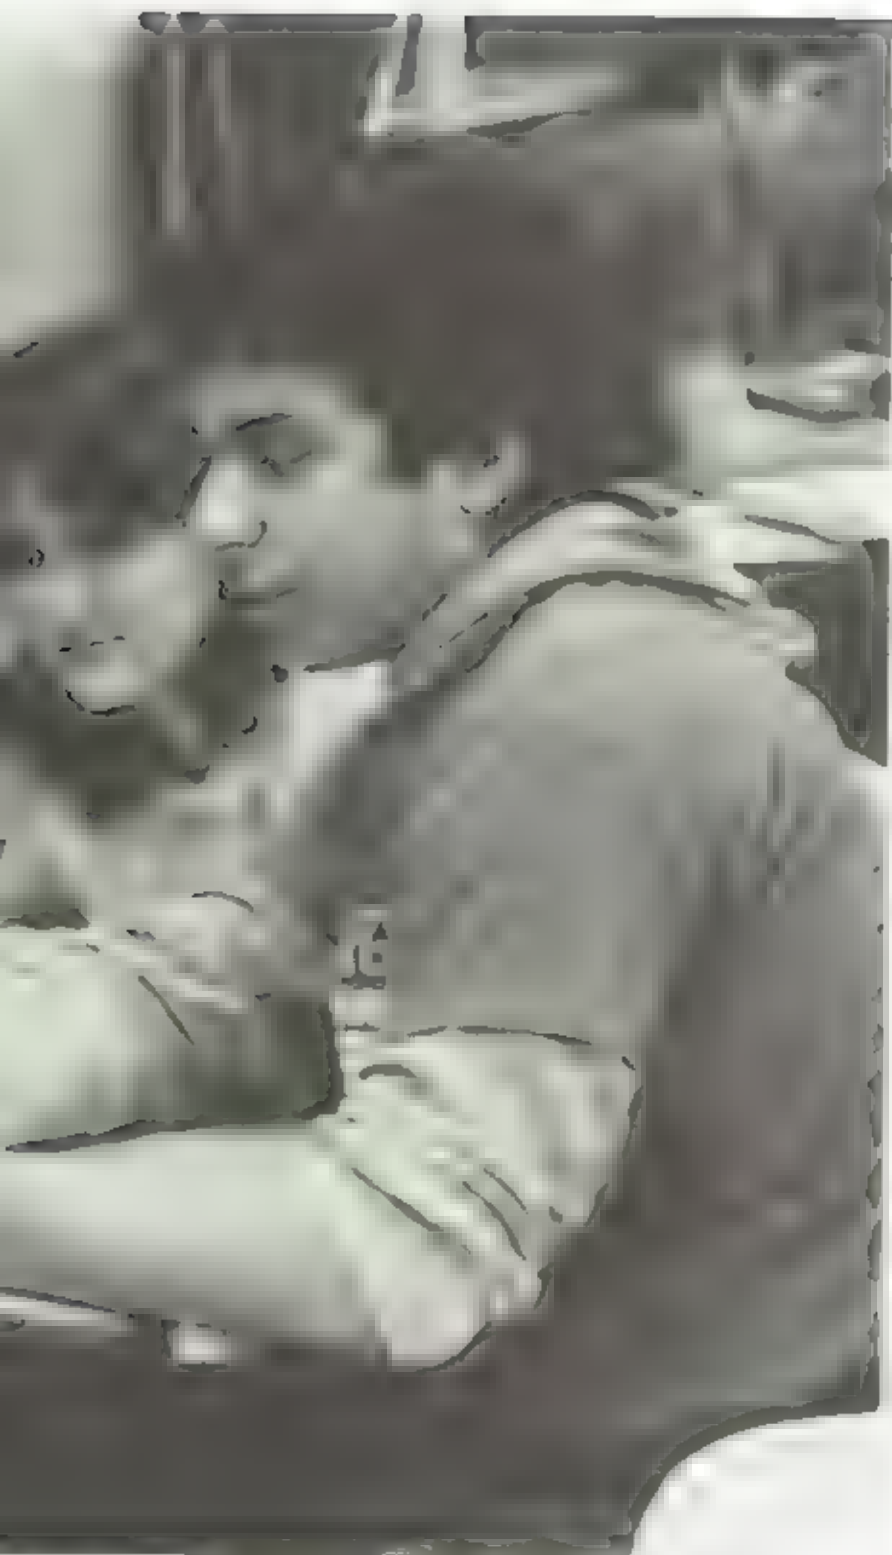

The Sophomores worked more on the basics, mostly grammar. The Sophomores also expanded their culture by studying short stories and some poetry.

While Language Arts may be considered boring, the teachers do an outstanding job of teaching a difficult subject in an atmosphere of excitement.

Top: While working on group discussion, Don Roberts explains an important point to Mindy Marshall, Wes Hench, and Tami Carden. Above: Fred Scaglione and Dave Hershberger discuss the latest purse fashions during Mrs. Grelie's class. Right: Missy Zonneville expresses her excitement to be in Mrs. Lindgren's English class.

Below John Whipple gets a little extra help from Mrs. Lindgren. Below left During group discussion Dave Hershberger, Missy Mancz, Jeff Kennan, Fred Scaglione, and Frank Reich work hard.

Above Before class Mrs. Giele amuses Lon Walters, but Kim Shahan didn't think it was very funny.

Building Responsible Workers

Preparing young people to become promising craftsmen is a task that Mr. Pappas and Mr. Close take quite seriously. Through a comprehensive instruction and safety program, students become aware of their responsibility to the welding industry.

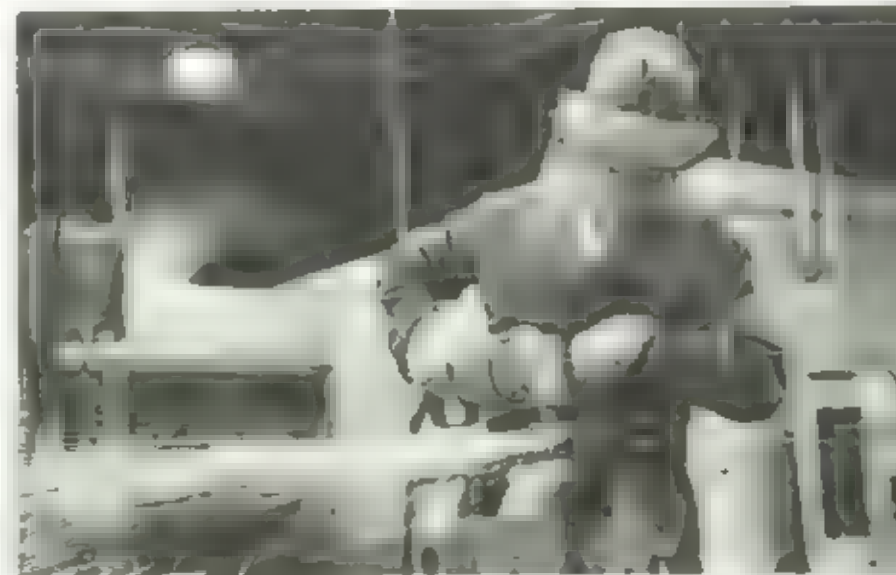

Drilled in the basics, juniors learn the fundamentals of gas and stick welding. Students plot their progress through a series of projects designed to teach various welding methods as well as the kinds of metals used.

An opportunity offered to senior welders sets the Springfield program apart from other city schools. Senior welders work on developing skills in preparation for a state test. Upon passing the three day test, students become certified welders.

Next time you cross a bridge or enter an office building, consider the skill and responsibility needed to build these structures, and then thank a welder.

Top: Bill Muft performs a basic skill in gas welding. Above: Dressed in their work attire, Mark Cain, Steve Schultz, and Tim Bagwell ready themselves for lab. Above Right: Innershield welding a T-joint, Jeff Black illuminates his booth. Right: Showering a barrage of sparks, John Brown grinds a piece of stock.

Left Careful to keep a steady hand, Bill Uhl welds a vertical T-joint. Below
Tim Morrison adjusts his oxyacetylene torch to a proper neutral flame.

New Additions to Math

by Stacie Claytor

Springfield High School has made some new additions to the math department. Due to a new state requirement, all students must have two math credits to graduate. These new classes are mathematics I and II. Another of the newer classes is Introduction to Programming, which introduces students to micro-computers. The algebra I and II classes, Geometry, advanced math, and introductory analysis classes worked at their homework as a group, but the calculus and continuous progress classes worked at their own speed.

Because of the help of the teachers, the math department has made many improvements in the past few years.

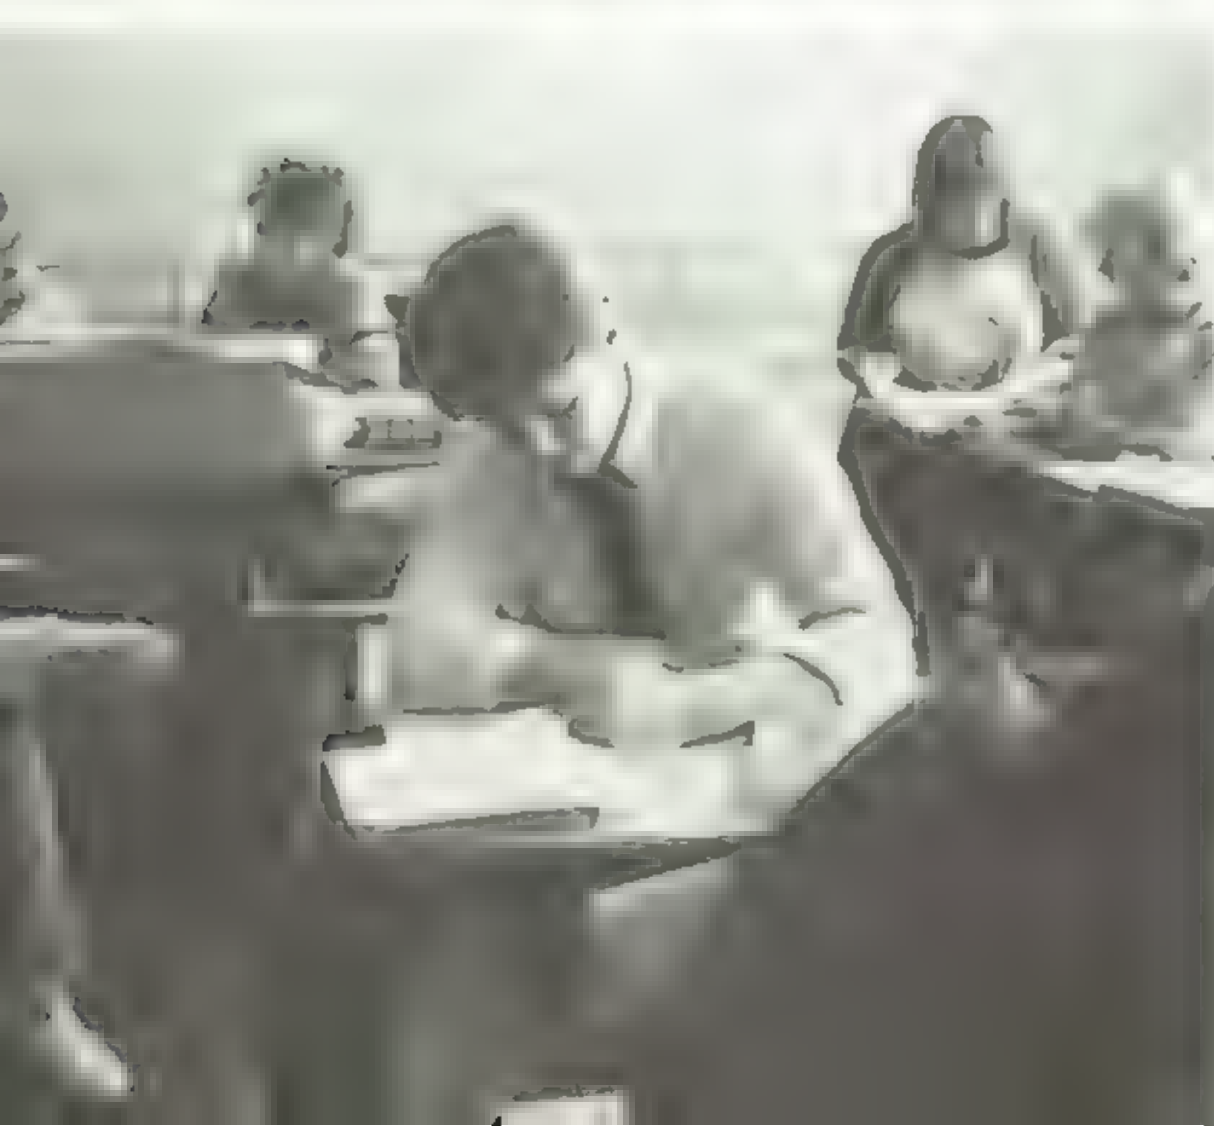

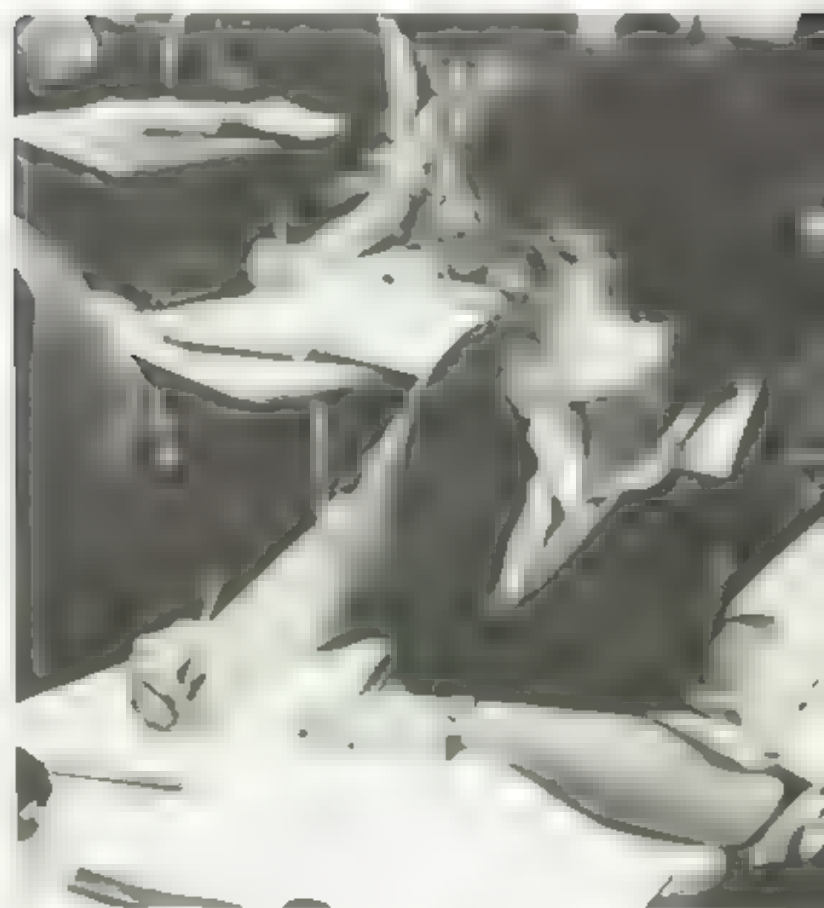

Top: Mr. Swartz tries hard to get his point across to his Geometry class. Above: Computer, Mark Fisher, helps out in the office. Right: Steve Crosier, Chris Coleman, and Mary Joseph find it difficult to concentrate during math class.

Left Disgusted Kara Dockus corrects one of her few mistakes. Below As Tina Smith writes down the next day's assignments, Julie Rachel has already begun hers.

Left Frank Reich works on his homework while Sandy Round and Steve Willard receive assistance from Mr Swartz and another student. Above Mr. Wallace stresses a point to his algebra II class.

Pride In Printing

Creating and producing products to communicate visually is what the graphic arts program is all about. Students take a great deal of pride in giving "wings to words."

To date, Mr. Berkebile and the graphic arts II program have placed over seventy percent of the seniors on the job. Those employed, work as press operators, camera and darkroom technicians, typesetters, and production personnel. In the past, graphic arts students have held some unique jobs such as aerial photographer and press erector.

Occasionally students choose to further their career by attending college or tech school. Students have attended such schools as Arizona State, Kent State, and Liberty Baptist College. They have come away with degrees in tele-communications, graphic design and photo illustration.

Important as it is, the placement record is only one way to determine the success of a skill program. The pride and self-esteem derived from a job well done are successes of equal importance.

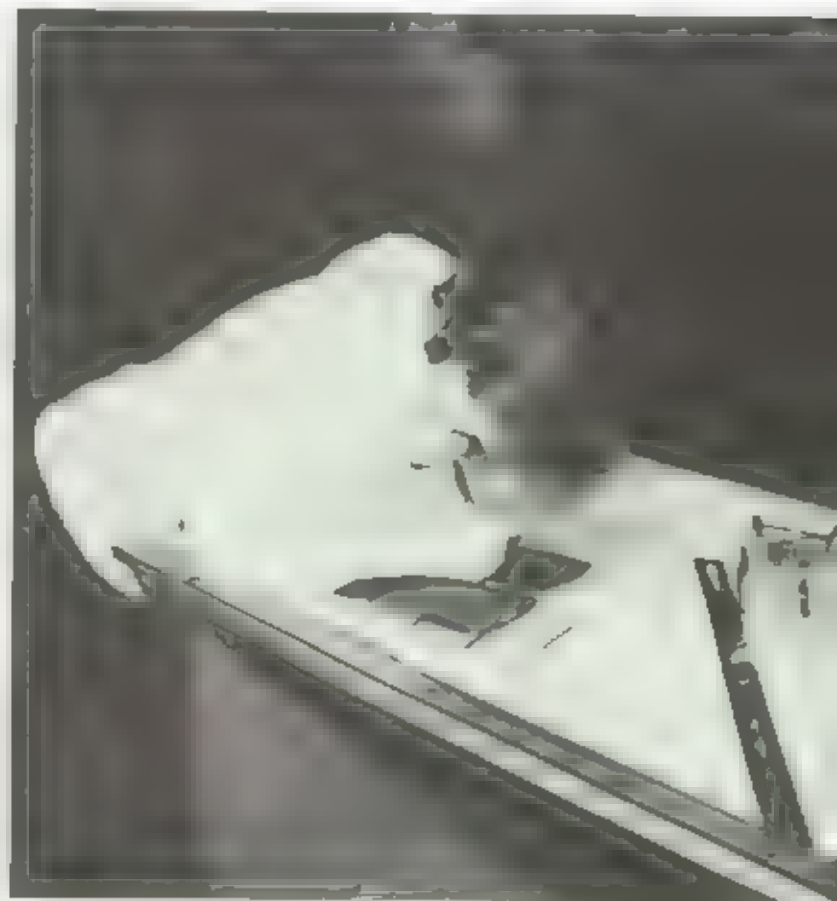

Above: Stretching out, Steve Yost attempts to repair the platemaker. Right: Stripping process color work, Michelle Misock aligns the negatives.

Left Frank Dennison silk screens an order for the girls' softball team while Joe Huff heat sets the finished transfers. Below just prior to making a plate, Jill Cramer opaques pinholes on her negative

Left In the camera room, Shelley Bolyard makes certain that her copy is centered in the copyboard. Above Really into his work, Mr. Jerry Berkebile indicates to John Snyder that he would appreciate it so much if the power were turned off

Very Scientific

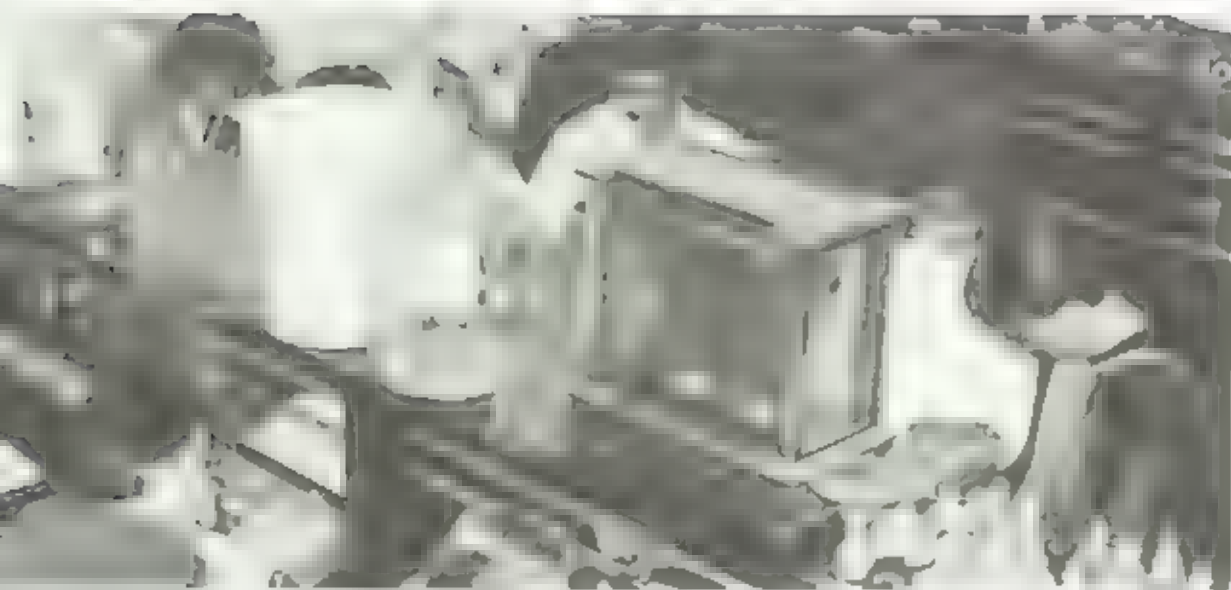

The sophomores weren't the only addition to Springfield's Science Department this year. After 31 years at SHS, Mr. Mitrovich retired, leaving room for Mr. Montgomery, the new tenth grade biology teacher.

Also an internal change was made concerning Chemistry. For the first time in his years at Springfield, Mr. Williams took on the responsibility of an eleventh grade CP Chemistry class, in addition to teaching tenth grade Biology classes. Also teaching Chemistry is Dr. Adkins.

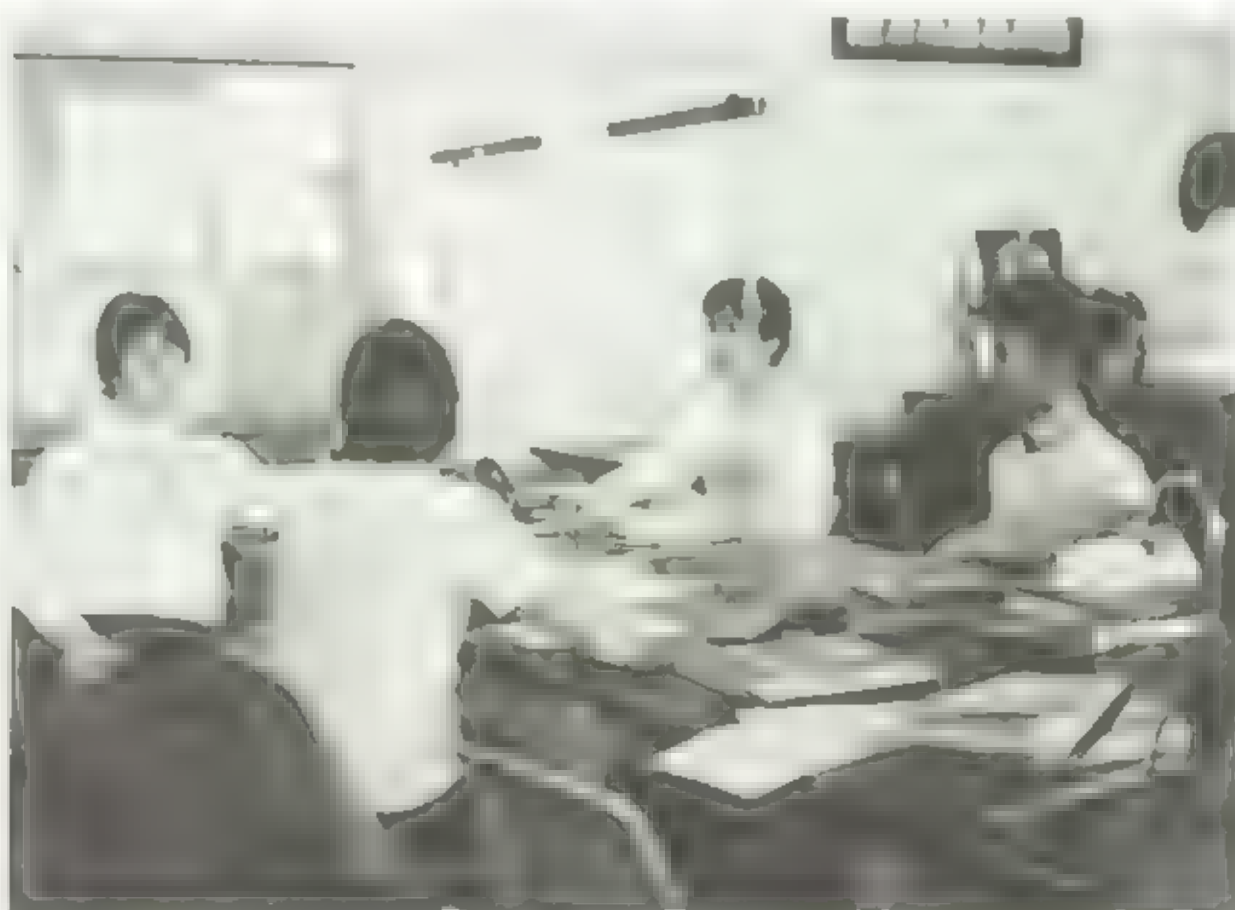

For seniors wishing to take science no changes were made this year in physics class. Mr. Duckett is there ready to teach students about matter, energy and their transformations.

Right: Making sure her measurement is exact, Tracy Johnson closely examines her beaker. Below: Frank Reich and Jeff Kinnan busy brewing up trouble.

Left Teresa Skello, Bryan Monteith, Julie Walters, Brian Smith, Michelle Reese, and Andy Crow conduct experiments amidst a confusion of chemicals. Below Left Sophomore Jill Hanigolsky busy spying upon microorganisms in Biology class.

Above Danny Begallie, Mitch Westfall, Jeff Iler, and Haile Jones take it easy during a senior Physics class. Left Setting up an experiment always leaves space for error but Rob Garro, Rick Hawk and Dave Nutt try their hardest to be perfect.

Being Precise

The world is made up of a great many machines. The world as we know it literally stops revolving. However, machines do not operate smoothly on their own. Young men and women are presently being trained to maintain a variety of these machines.

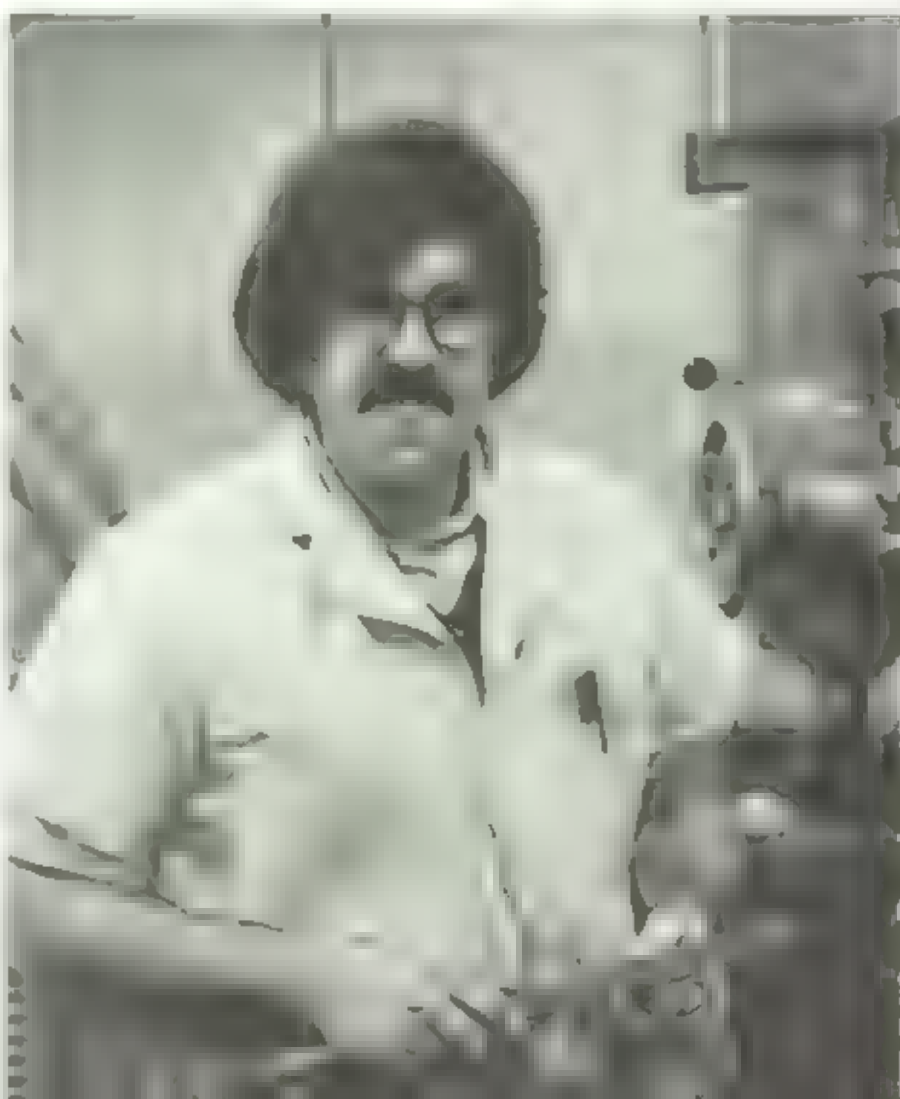

It is the world of Machine Trades – the heart of all vocations. Each piece of a machine has to fit perfectly to assure its smooth running. An eye for perfection is developed in the classroom. The students are taught by Mr. Anthony and Mr. Gonzales to be extremely precise in everything they learn. The slightest error in measurement could prove to be a potential hazard to all who come in contact with the flow.

Machines functioning improperly within the school, due to a faulty part is usually sent to the Machines Trades lab. An example of the classes use to the school can be shown in the snowblower that was assembled from different machinery parts by them.

Top Center. Precision being his top priority, Mike Smith carefully lather a piece of steel for one of his projects. Above Left. Lome Voytek indicated a vice to hold his block of steel steady. Right. Mr. Anthony sets a good example by showing his students that deburring makes a better looking product.

Victor Cole

Below Facing the part to shorter length of his slack of steel, Bryon Strittmatter watches carefully.

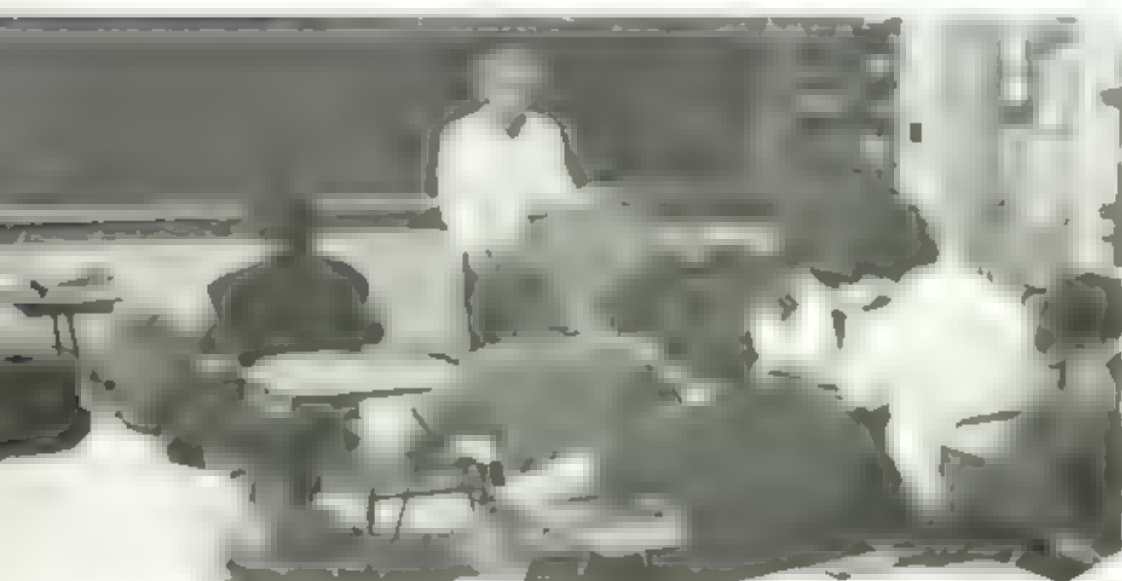

Above: Richie Jacobs mills a V-block on a Bridgeport V-Mill while Jeff Grace watches. Left: Mr. Gonzales helps one of his junior students, Rosetta Berkenstock to turn an angle with an Adjusting Compound Slide

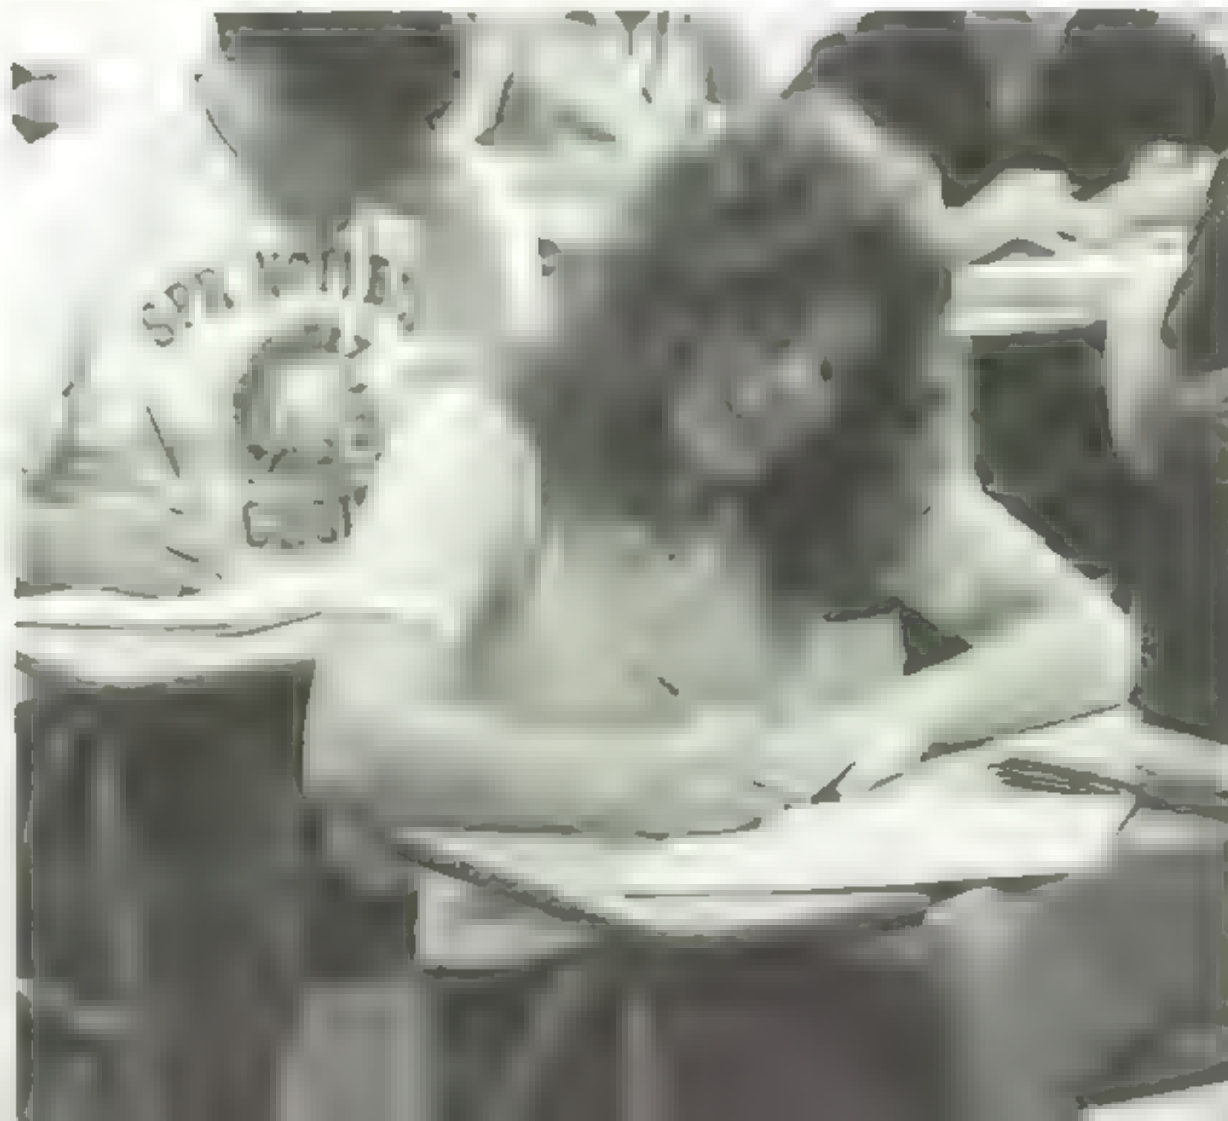

Old Locations Are History

Despite all the switching around in the Social Studies Department this year, everyone seemed to be content. Mr. Fowler, Ms. Nolt, and Mr. Proper were all granted new rooms this year. In addition, Mr. Fowler began teaching Senior Seminar. Ms. Nolt and Mr. Proper were given back the same courses.

Although Mr. Mills was in the same location, he began teaching American History in addition to Family Living and Psychology. Mr. Lowe was the only teacher that underwent no changes. He is still teaching government to the seniors in the same class room.

Top Right: Bruce King works hard on his studies. Top: As usual, Mr. Proper gives a lecture. Above: Sitting at her desk, Ms. Nolt reviews her work. Right: Leslie Dunphy keeps busy by taking notes.

by Tami Carden

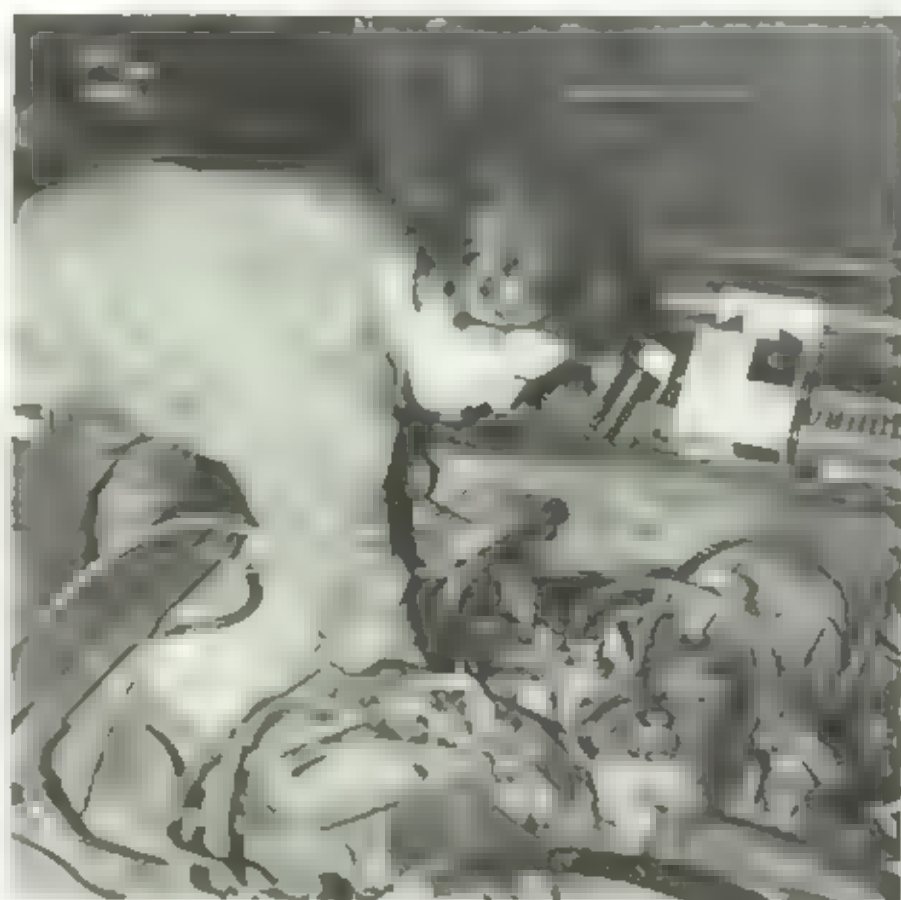

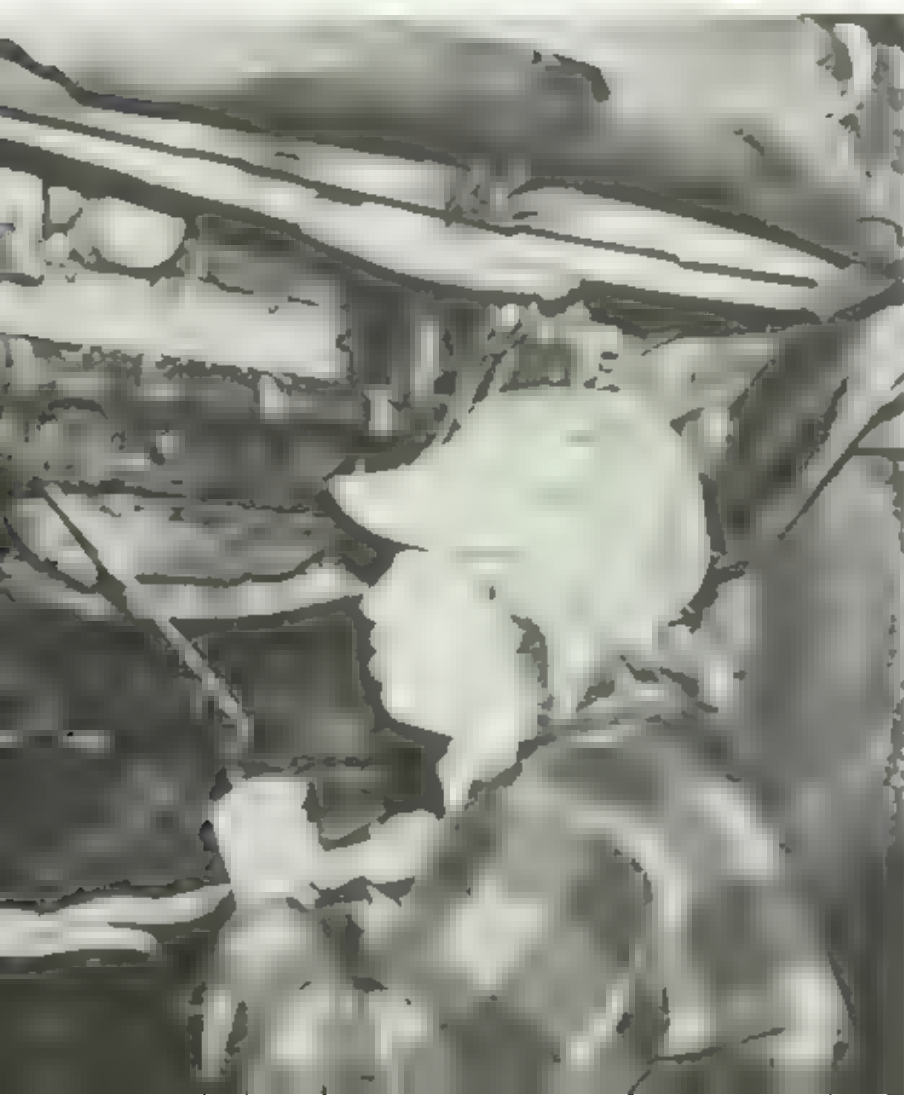

Top Amy Taylor gets some advice from Mr. Fowler. Above Vicky Spangler concentrates on her lecture. Left Mr. Mills listens as Mike Swope explains an answer

Right Assisted by Frank Betts, Eddie Whitt makes a precise adjustment on the car's engine
Below Gregg Crawley does a little touching up before replacing the engine in his car

Above Denise Riddell and Cindy Freeman run a check on a customer's car
Right With little space to maneuver, Craig Kyser finds it necessary to replace the old with the new

Running Smoothly

by Andrea Muto

Have you ever had the misfortune to be stranded on a dark, lonely road with a stalled car? Was it then that you regretted the only knowledge you had of a car was how to put gas in it?!

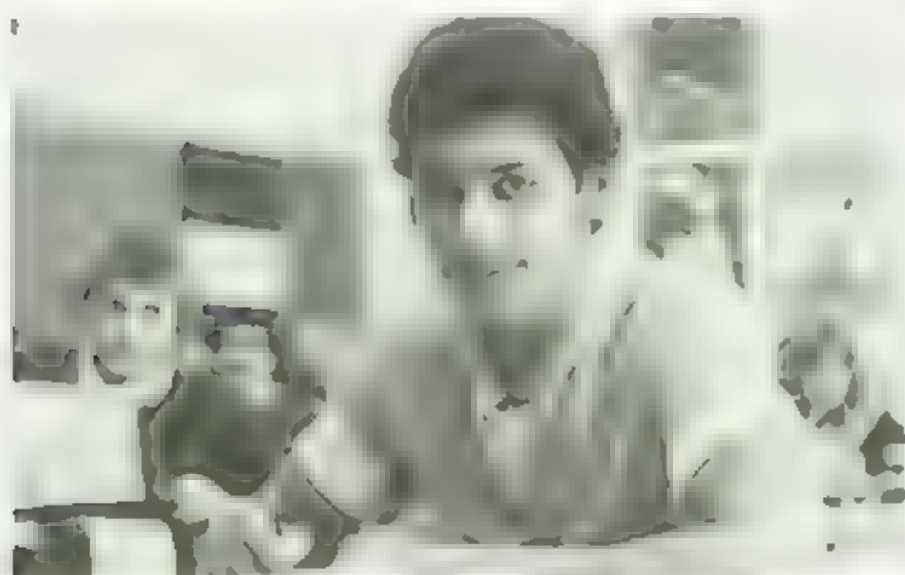

Students in the Auto Mechanics program learn what makes a car run smoothly or otherwise. They gain knowledge in several areas of mechanical skills as well as skills in safety and customer-employer relations. Areas of instruction include drive trains, chassis, brakes, and suspension and steering. Gaining skills in the areas mentioned, seniors often co-op their second semester.

Since cars have become such a necessity in our society, today's owners save money by making their own repairs. Still, the skilled mechanic remains in great demand. At any rate, knowing what makes a car run efficiently, could prove helpful in some tight situations.

Above: Dave Ostrowske carefully machines a brake drum. Left: Selecting the right tool for the right job, Dave Duffield makes a repair to the manifold.

Right Always there to help, Mrs. Wanda Clark, Spanish teacher, listens intently to a student's question. Below Naim Malek takes a break from his classroom work in French to pose for our camera. Bottom Although classroom work can be tedious these two Spanish I students, Lori Simmons and Carol Carson, seem content.

It's French or Spanish to Me

A sense of adventure is always felt when entering a language department whether it is the French or Spanish class. There is a sense of a far off land of love, romance, and mystery. Foreign language teachers, Mrs. Terjung and Mrs. Clark, and several students felt the urge of adventure more than others last summer.

Mrs. Terjung took over twenty eager students to tour five different European countries for fifteen days. An extra bonus on their trip was the chance

to see the Broadway musical, "Cats" in London.

The Spanish Department was not left out of the excitement, as Mrs. Clark and three students flew down to sunny Mexico. Nine days of fun in the sun, visiting Aztec ruins as well as the modern highrises in Acapulco City.

If you're walking through the halls and a powerful sensation overcomes you, you are probably nearing the Foreign Language Department.

Top Left: Despite Paula Allen's hard working expression, French class can also be fun which can be seen in the faces of Karen Childs, Bret Charley, and Joe Ross. Above Left: One tends to ask: What is on the mind of Chris Marchesse as he listens to Mrs. Wanda Clark teaching Spanish. Above Right: As Julie Phillips works out of her French textbook, Ray Stout looks up to listen to Mrs. Gayle Terjung give helpful hints. Left: Mrs. Gayle Terjung, forever smiling to ease tension among students, trying to master the French language.

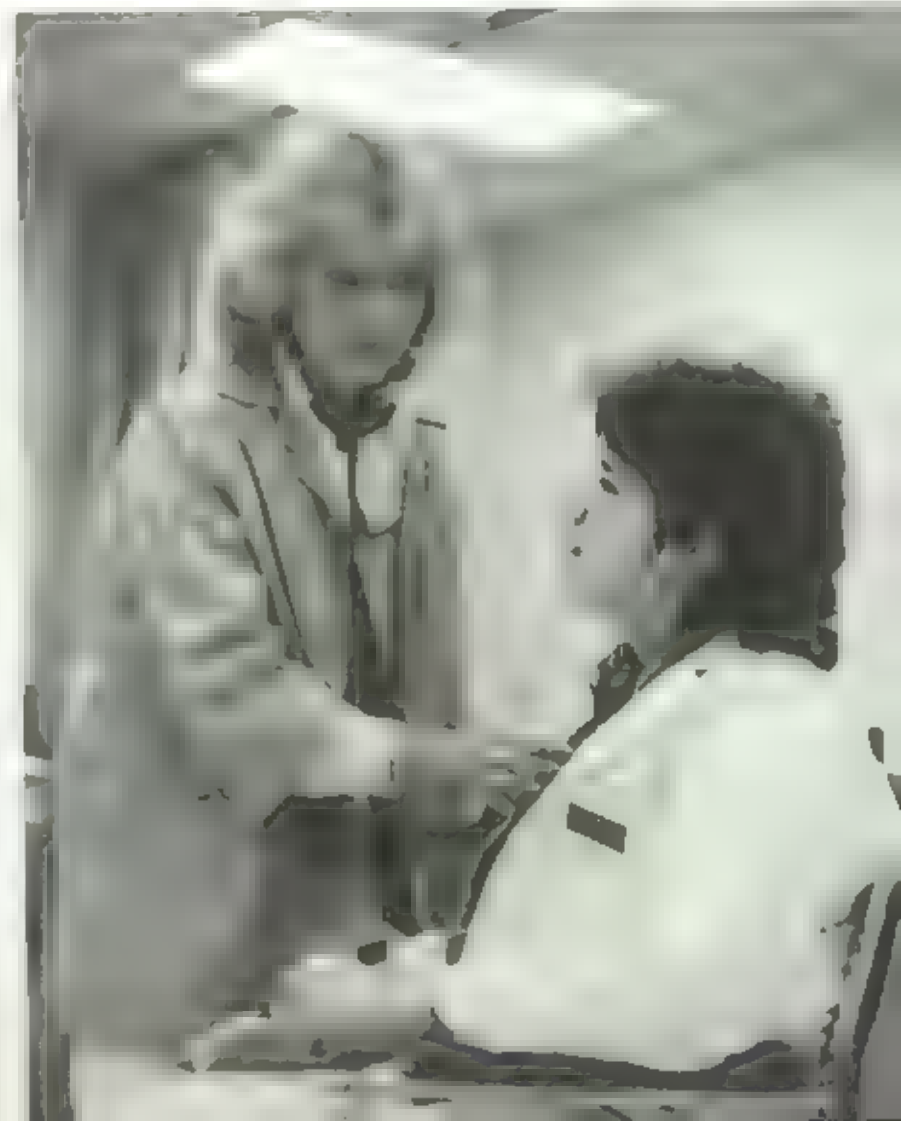

Lending a Hand

This year, the DHO class sponsored the Red Cross bloodmobile. The students and faculty donated a record amount of 123 pints of blood.

The senior DHO class spends half a day at school and the afternoon at a job. They receive a lab grade for their job.

The juniors have an adopted grandparent which they visit once a month in a nursing home. They also go on a six weeks observation at different medical offices.

The hands-on experiences of students involved in the DHO program seems beneficial to their future careers in the health care field.

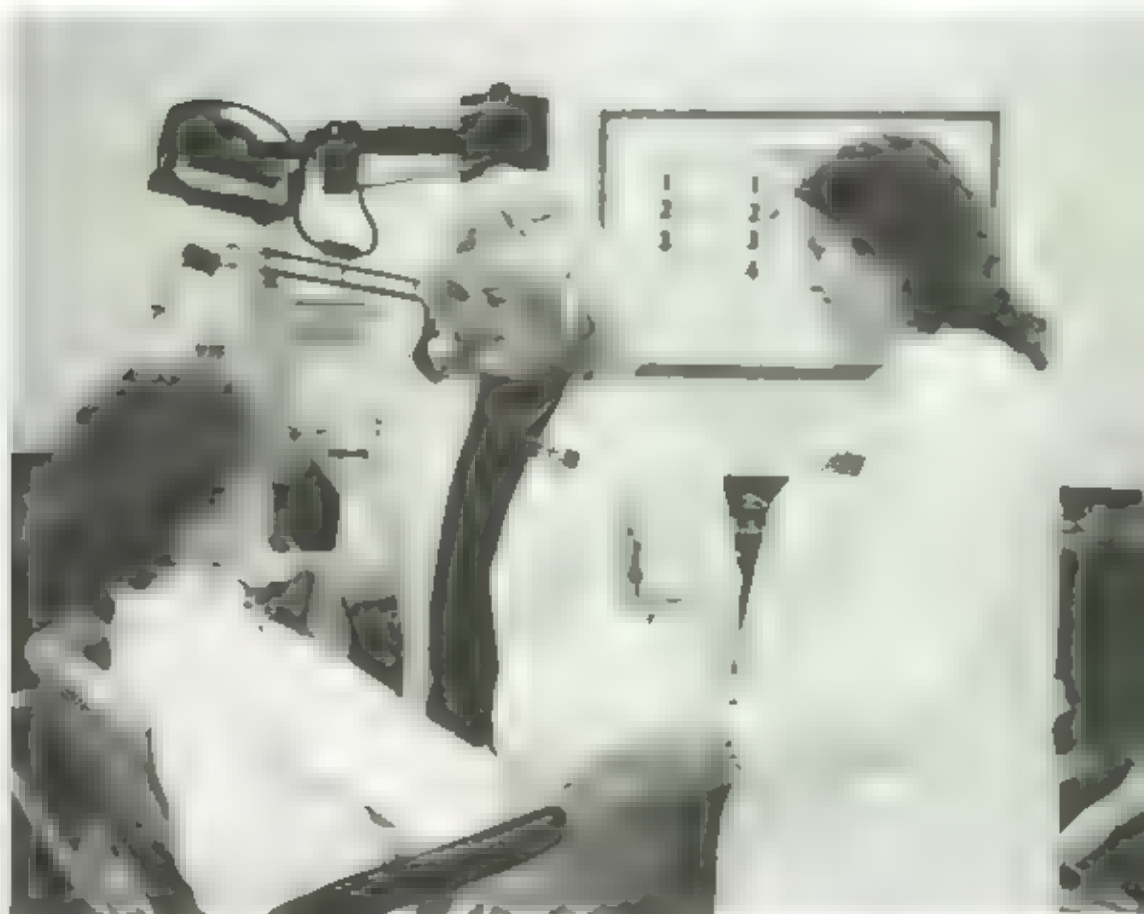

Above Right: Darla Bowen has her heart beat checked by Donna Bennet.

The Spice of Home Ec.

by Tami Carden

This year in Home Ec. courses, students were taught a variety of skills. In comprehensive Home Ec. I and II students learn about foods management and consumer buying, running a household, child development, and budgeting.

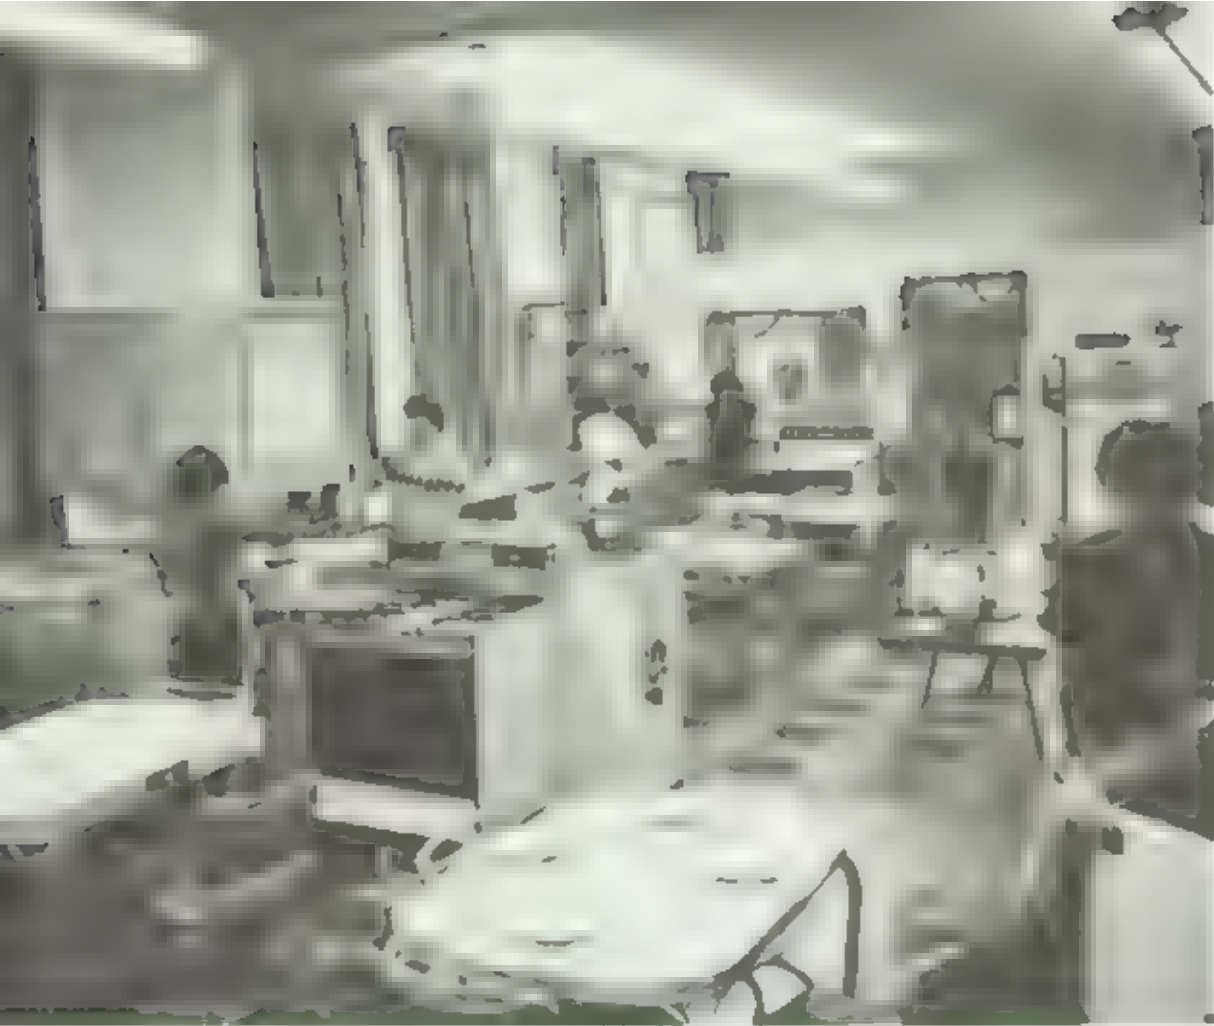

For a student interested in learning how to live on his/her own and enjoy it, Singles Living is the course for you! Students learn decision making, finding an apartment, banking, credit and checking, food preparation, and basic sewing techniques. Students who have had little or no experience in food preparation usually choose Creative Cooking. During this course

they will pick up knowledge on food preparation, nutrition, ethnic foods, outdoor cooking and food preservation.

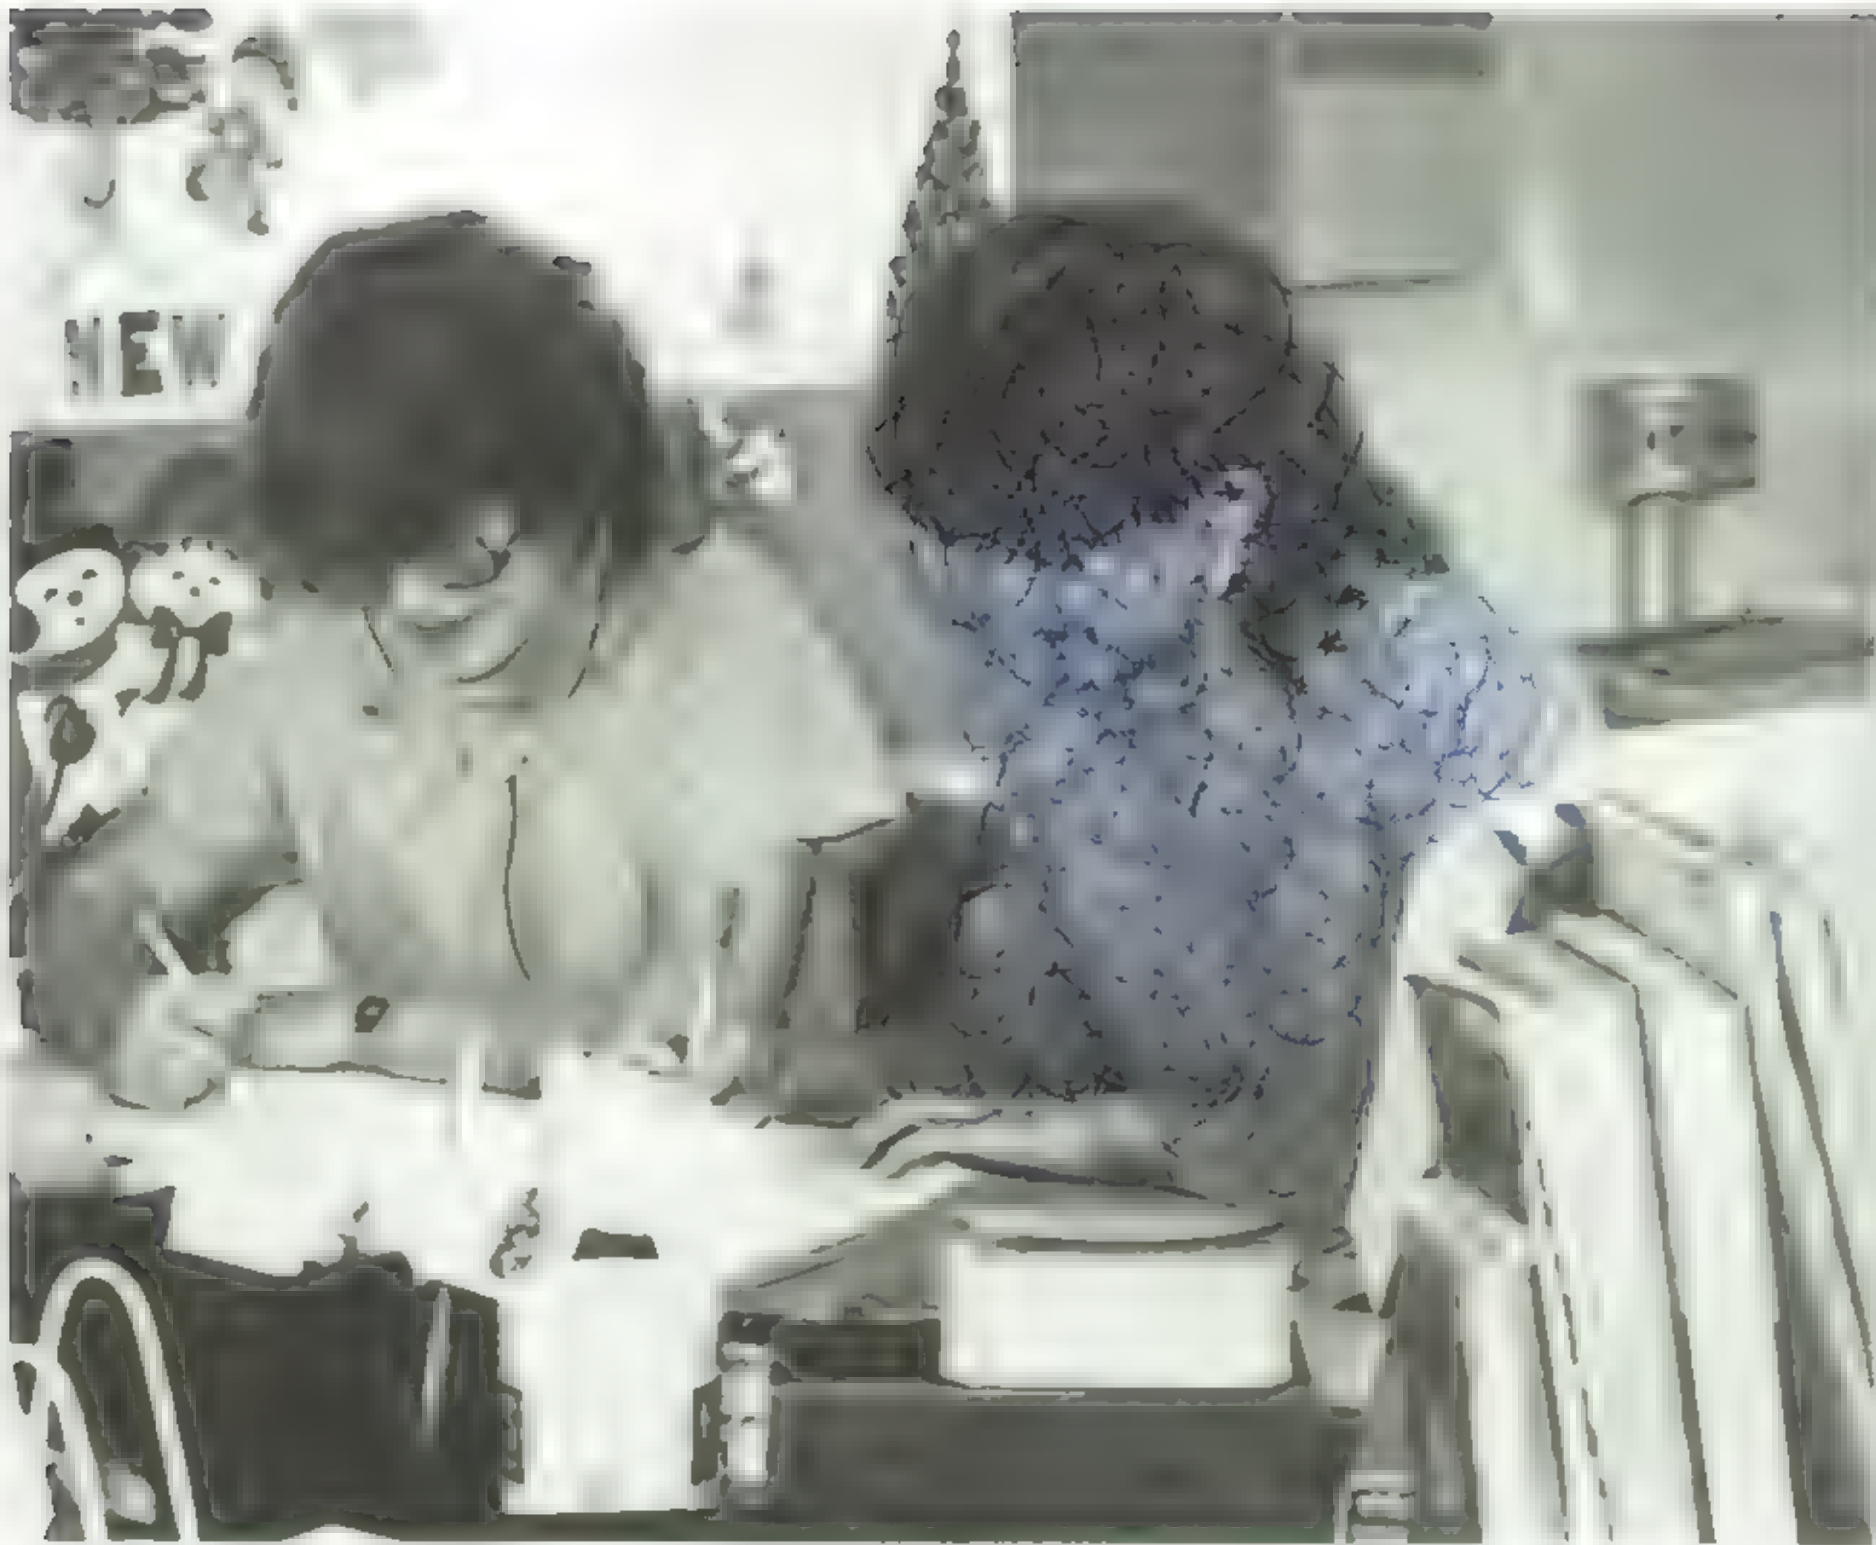

The course dealing with parenthood is Child Development. It deals with the stages and development, differences, and dependencies of a child. This course includes a two week nursery school taught by the students.

Right: Tony Adamo learns how to bake a cake in his Home Ec. class. Below: Tracy Scharfger, Karen Childs, and Linda Ridenour practice their sewing skills. Bottom: After baking a great snack, Shelly Gleason samples her work.

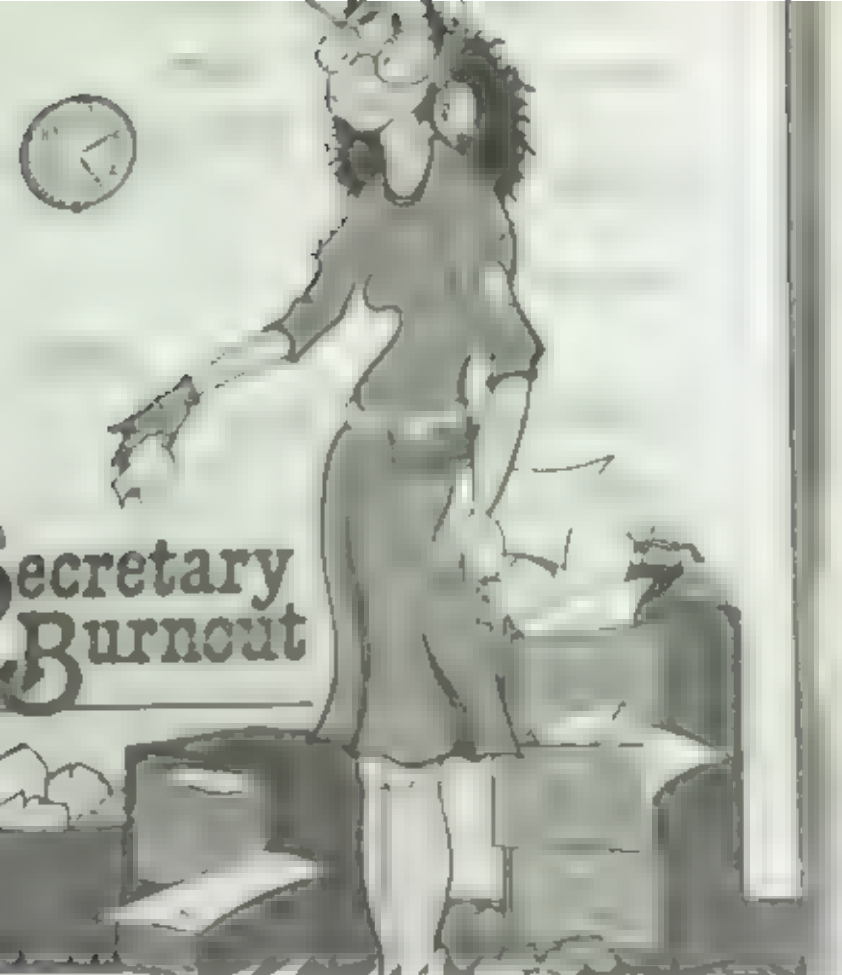

Top Left To these students, this kitchen is "home" for one period each day

Training for the Future

by Andrea Muto

Any unfamiliar passerby may mistake the jumbled tapping of keyboards and constant hum of machinery coming from Room 207 as sounds of confusion and disorder. To the students enrolled in the intensive Office Education program those noisy workings of business equipment spell future careers as data processors, account clerks, and clerk-stenographers.

Training for each I.O.E. field extends over a two-year period. Juniors are introduced to basic office skills while seniors polish those skills during their second year. Some seniors are provided the opportunity to be placed in a job in their last semester.

In addition to acquiring office skills, I.O.E. students also become members of an I.O.E. club at Springfield and the United States Office Education Association. They participate in several activities such as skills contests, the regional winter contest at Salt Fork, and the I.O.E. spring banquet.

Top left. This is an example of what becomes of a secretary after a few years. Above left. As Mrs. Martin smiles, she brings the poster to life. Above. Trying to compute their work, Ray Spangler and Dena Roberts do research. Left. Before turning in her papers Pam Spiegall checks her work.

Getting Physical

by Charles Twigg

This year at Springfield, the physical education department's grueling traditions were kept alive. Some said this program was the greatest in Spartan history.

The new sophomores ran, swam, exercised, and lifted their way through the 84-85 school year. Mr. Cheney and Mr. Lukens skillfully guided the new Spartans in several unique and exciting sports and exercises. It is obvious that these students enjoyed the breather they received after they finished the course.

Right: Leslie Dumphy contemplates the completion of her last sit-up. Below: Steve Sawhill and Lenny Musgrave wait for the chance of a rebound as Rob Wagner goes up for the shot.

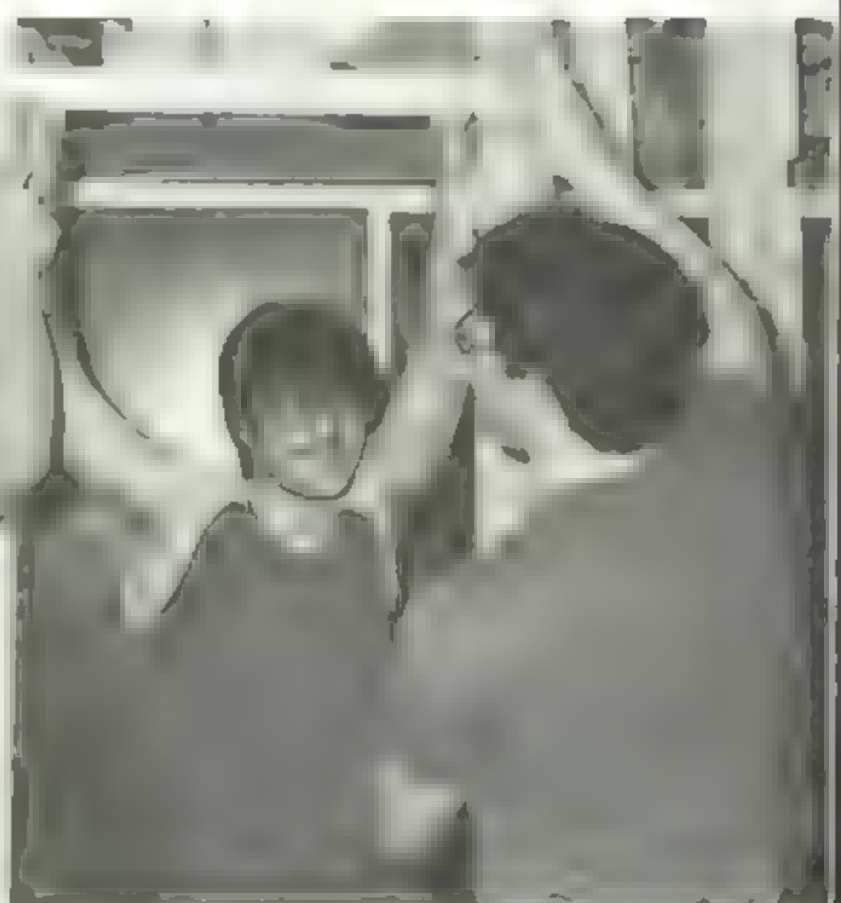

Left Kerry Riley and Tammy Lambiotte reach for their knees in their conditioning program. Below Right Lance Cain beams with joy while he does his jumping jacks. Below Left Steve Willard still has high spirits after he finishes 435 push-ups. Bottom Stephanie Twigg is out jumped by her opponent while Kerry Riley and Kelly Morrison look on with enthusiasm.

Right: Mr. Presse, John Kassinger, and Brian Cromely work on the frame while Scott Green checks the pipes. Below: Bruce Muck finishes off the job with a final nail.

Above: Gerry Lifton finishes the wood to prepare for varnishing. Right: While Bobby Williams and Rich Moreck supports the structure, Rick Sanner hammers the nails.

Building Their Skills

by Cindy DeMali

The Remodeling and Construction crew consists of sixteen seniors and thirteen juniors. While the seniors journeyed out into the community to advance their skills, the juniors stayed in the lab classroom to learn the techniques of the trade.

The seniors had been very busy this year with numerous community projects, such as putting up dry wall and finishing a garage, constructing and roofing a pole building, installing a fabulous bathroom, and the talented group built a glass sunroof on a house. Every class has the average class clown, yet Mr. MacLaren feels the unique quality of his class is that they are the biggest group of jokesters ever and at times are very frustrating. Mr. MacLaren states, "They're a good group with a lot of ability and I enjoy their individual personalities."

Although the juniors stayed behind at the school, they too accomplished a lot. Besides constructing a small house in the lab, the juniors helped Student Council with the entranceway for the Homecoming dance.

Their experience in this unique vocational program gave the remodeling and construction students the chance to step out into the working world.

Top: Pat Sain, Jack Norris, and Jeff Kassinger are trying to decide which boards to finish first. Left: Lazo Csaky gets stuck with the job of sweeping out the bus after a hard days work.

Just Looking AT Sports

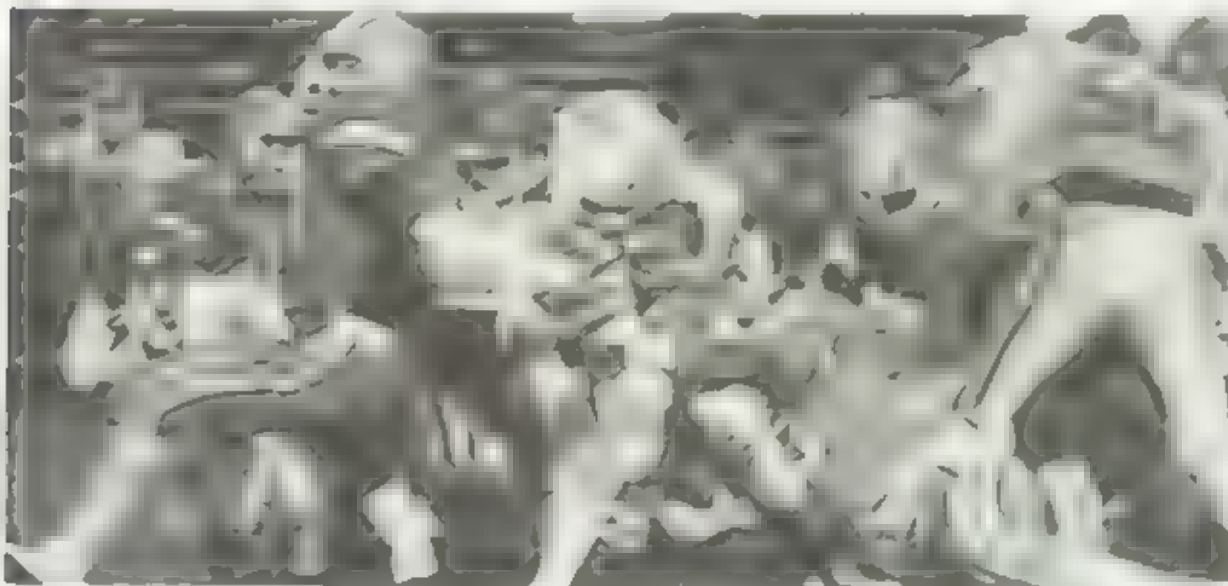

One did not have to look hard at the sports programs this year to see the improvement of records, different faces at the coaching positions, and some teams going through a year of rebuilding.

The Spartan athlete this year would not be found lounging in front of the television, enjoying their after school snack. No, they would be found after school on the field or in the gym practicing. If not in these places, they were in the weight room lifting weights.

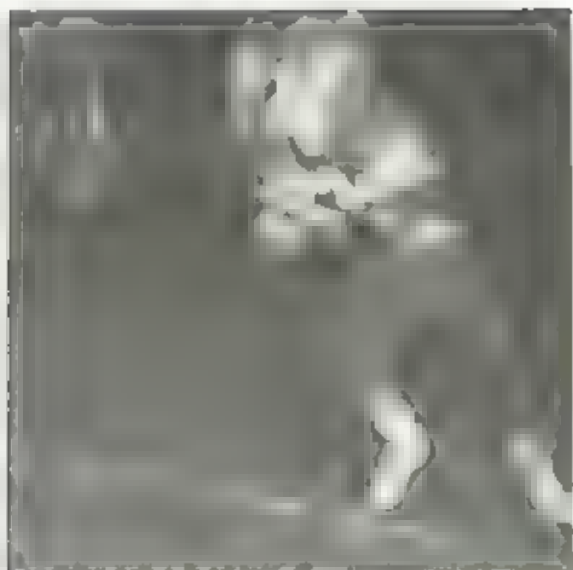

The hard work and bettered records brought more people out to see the games and matches. The spectator is normally satisfied watch-

ing their team, but they often only see the starters. The hard working, talented players without which the team would not succeed. In the thrill of victory and in the agony of defeat, a breed of player is forgotten—the benchwarmer. They attend practices and work hard. Hoping to play a few more minutes or wishing this might be the match in which the crowd finally gets to watch them. Most of the time you will find them sitting, waiting for their opportunity and just looking.

Left: Steve Croser refuses to be held back by his opponent. Below: Brian Friend runs through Eller's line with help from teammate, Lee Columber.

WIN 7 LOSS 3

Football Fever

by Lisa Charley

Spirit ran high during the 1984 season. The Spartans 7-3 record is the best it has been in the past five years. Some of the players had comments to offer regarding their success. Lee Columer remarked, "One of our strongest points was our good teamwork"; Ken Royer and Ray Stout said "We were well conditioned by coach Lukens". "Also, we built up our confidence and wanted to win"; D.J. Hedrick stated, "Coach Lukens did a really good job turning the team around from a 1-9 record to 7-3".

Erik Davies added, "The coaches and players worked together and strived for the same thing, winning"; Brian Friend and Brian Moore said, "We feel our team was awesome. We were led by a good group of seniors who worked well with the underclassmen." "There was no individualism; Everyone worked well together as a team."

One final comment was made by Brian Lewis who summed it up by saying "Next year look for us in the playoffs."

Soccer Team Improves

by Lisa Charley

Through dedication and hard work the soccer team finished the season with an 8-6-3 record

Coach Morris said, "the team really worked well together, and much improvement was shown." "Many of the players practice year round," said Coach Dutton. "Clinics are held during the summer, the regular soccer season is in the fall, and then most of the team members continue to play in the spring soccer season."

The chance for the Spartans to play at the Rubber Bowl finally came when they won the Division III West Championship. The Spartans played Tallmadge and the game went into double overtime, resulting in a 4-6 loss for Springfield

"There will be many returning players next year," stated Coach Morris, "and I also feel that we will improve and have even a better record"

Spirit Explosion

by Susan Wolford

From a field of twenty-one on May 15, 1984, the varsity and junior varsity squads were chosen on their merit and cheering ability.

Attending a summer camp at Oberlin College the two squads proved their ability once again by receiving first place in each of their divisions. This is the third year in a row in which the varsity has placed first. They also received the Super Squad award and the Squad Unity ribbon. The junior varsity was also awarded a Super Squad plus a Best pom routine. The cheerleading practices were held on Wednesday and Thursdays for two hours. Outside of practicing, decorating the locker room and rotunda during the football and basketball season, the girls also made time to raise money to buy new uniforms and pom-poms.

Mrs. Diana LaSalle was the cheerleading advisor for the second year.

The varsity alternate was Wendee Park, and Beth Dies was the alternate for the junior varsity.

Top: Cheering on the team Cindy DeMali, Marie Capan, Debby Gillentine, and Susan Wolford shout with spirit. Left: Jr. Varsity Squad: Jennifer Stephenson, Ann Griefenstein, Wendee Park, Julie Walters, Karen Russell, and Kris Workman.

Out Of The Rough

For the Springfield High School golf team, chasing a little white ball is not a little matter. As the season closed, the team improved, winding up with third place in the Metro League.

The team posted five of its eight wins at home on the fairways and greens of Mayfair Country Club. Coach Ken Hyland cited the seniors for providing solid leadership. Hoping to improve the overall quality of play, participants will be trying to raise funds to provide for summer memberships. By monitoring their progress throughout the summer months, Spartan golfers may be able to add a measure of depth to the team. Members will also be involved in summer tournaments to enhance their competitive edge.

With all this preparation and practice, who knows, a winning season may be "par" for the Spartan golf team.

Fun Is to Run

Responsible, dedicated and persistent are words used to describe the type of athlete who would participate in the sport of cross country. Though grueling at times, this endeavor offers the athletes a chance to see what they are made of.

Cross country consists of runners who go beyond personal limitations to discover an important quality called self control. Despite the difficulties, running has its rewards. Many of the fleet footed runners derive a real sense of satisfaction not found in other sports.

Though many hoped for a better season, the win loss record did not keep runners from losing sight of why they do what they do. To these dedicated athletes the motto remains, "to run is fun and fun is to run."

Going Unnoticed

Wanted: Dedicated individual who desires to sacrifice at least three hours daily gathering equipment, filling water bottles, and responding to commands. Must also be able to withstand verbal abuse from angry coaches and frustrated players.

Does this job description sound cruel and inhuman? Such is the unglorified position of the team manager. He assumes the responsibility of lugging around first aid kits, ice, and equipment, allowing coaches and players to concentrate on their games. He attends every practice and game supporting the team through thick and thin. And when the team wins Metro, his name goes unmentioned.

Most managers enjoy their job, though, and find it rewarding. Says David Nelson, manager of both football and girls basketball, "I think it's fun just being part of a team."

Above: Rob Nagle, posing as Springfield's mascot, the Spartan, shows his spirit at a football game. Right: Laurie McClaskey and Robin Her watch the basketball game closely so as not to miss a basket.

by Andrea Muto

Top Left Shelly Zonneville warms up for a hard roadrunners workout. Top Right Sophomore, Brian Richards, shows his perfect curling form. Right Paul Stubbs, in deep concentration, finishes his last rep. Above Star athlete, Theresa Skello, gives it her all as she works out on the universal.

Membership Grows

by Charles Twigg

This year at Springfield the athletic clubs prospered. Both Weightlifting and Roadrunners set new membership records.

The Weightlifting Club had over 150 members this year. The most impressive statistic about the club is the variety of lifters. They range from sophomore guys to senior girls. This is caused in part by our superior facilities and the reputation that our competitive lifters have developed.

The Roadrunners Club also had its best year. Mr. Williams' hard work has paid off as runners of all shapes and sizes pound the pavement throughout Lakemore and Springfield.

We undoubtedly have the most "in shape" school in the area.

Top Left: Roadrunners coach, Ron Williams, encourages Shelly Zonneville and Linda Bosu to stretch out well. Top Right: Mrs. Wright, Mrs. McCullough and Mrs. Lindgren take a break from the classroom to participate in Roadrunners. Above: Lady Lifter, Jennifer Stephenson works on leg muscles as Becky Burdette looks on.

Net Improvements

When you consider the improvements the boys' basketball team made over the previous year, you see the obvious. Those changes the fans did not see, made the difference.

Having beat every team in the Metro league at least once, (with the unfortunate exception of Stow) the cagers finished the season in second place. However the real value to this year's team was found in the individual progress of the players themselves. New head coach, Mr. Ken Vaughn

said that he was pleased with how well the senior players made the transition from last year's program. The steady improvement came by way of sacrifices and hard work all of which contributed to the success of the 1984-85 season.

The underclassmen will face next year with the challenge of restoring the strength lost by retiring seniors. In so doing, the Spartan cagers may once again be cage title contenders.

Above: 1984-85 Junior Varsity Basketball Team: Front: Steven Contos, Terry McClaskey, Jim Jenner, Mike Stevens, Denny Pirl, and Eric White. Sacrifices and Discipline

Under the guidance of coach Brian Smith, the Springfield Mat Men embarked on the 1984-85 season. It was a time that would reveal promising moments and needed improvements.

With the majority of the team being underclassmen, inexperience brought about a need to drill on the fundamentals. Returning to the basics meant learning new techniques such as body control exercises and gymnastics. These athletes learned that in pursuit of their goal to reach their potential some

sacrifices had to be made. This meant running when they didn't feel like it, or not eating when they did feel like it and ultimately winning when the odds were against them. Simply put, the team learned how to work.

After all the physical conditioning and discipline the serious wrestler might agree that, "what the mind can conceive the body can achieve."

METRO LEAGUE CHAMPS

A Decade Of IBA

by Mike Berger

The Intermural Basketball Association (IBA) came to be in December of 1975. Only a few IBA pioneers gathered in a room on the third floor. Their objective was to relocate the "jungle ball" games to the ancient arena after school.

During the IBA's first year it saw only six teams and produced the first league champions ... the Chumps. As the decade progressed, things got bigger and better. There is a long list of memorable characters which once played in the arena while most of us were still in grade school. These fine players have made the IBA what it is today.

This year's team included the following: Sky Force, KV Cutters (KVC's), 86ers, Bad Boys, Terminators, Destroyers, Annihilators, Crusaders, and this year's toilet bowl champs: Dirt.

The Sky Force was again the dominating team in this season with a record of 8-0. This has been the second year for the Sky Force domination. In this year's playoffs, we saw the Sky Force win a decisive battle over the 86ers for division champions and the KVC's defeat the Bad Boys. This year's championship game saw some of IBA's best players, with the Sky Force against the KVC's. The Sky Force, victorious in the last seconds of a thrilling game, 36 to 35, become the champions for the second year in a row. This has been a great year for the IBA and there will be more to come in the next season. Could next year be the year of the 86ers? We can only wait until next year to see.

Left Bob Parks shows his grace as he shoots for three points during the All-Star vs. Fab Foe game. Above This year's toilet bowl champs ... Dirt: Front Don Resch, Troy Maxwell Behind Steve Willard

Just . AT Looking Organizations

Stroll along and pause to gaze through a store window and imagine how that outfit would look on you. Of course, you must consider how expensive it is and whether or not you really need it.

Though a variety of organizations are available to all students, choosing one should be a careful consideration. Nearly all of those involved in a club or activity can remember the time when they first joined and maybe felt out of place. In time you feel secure, almost as if this club was tailor made for you.

No one would enter a fashionable clothing store with a pocket full of change hoping to buy an expensive

outfit. Yet, some join an organization without ever considering the cost. How much time will be required of me? Do I really possess the abilities to function as an important part of the group? Answer yes to these questions, and you may become that important part which makes the outfit appealing.

Spend time just looking through the window at all the organizations and see if something might look good on you.

Left: Becky Wiedie types a completed article for the SPRAG. Below: Student Council members and their adviser, Mrs. McCullough, discuss future activities.

Above: Victor Cole, having fun at the Spanish and French Club Christmas party, covers Missy Zonneville's face with a broken pinata. Left: What is Michelle Reese playing? She is playing the bassoon, an instrument in the Concert Band.

Marching to New Beat

The band demonstrated their pride for Springfield by showing a great deal of spirit. The band played at all ten football games, pep assemblies, basketball games, and band shows.

They started the season off right by showing up in brand new uniforms. Their stunning appearance was the product of a good deal of hard work and a genuine desire to represent our high school.

With their enthusiasm and talent we can undoubtedly expect even bigger and better things from them in the future.

Right: Mr. Dale Davidson directs the concert band. Below: Proud parents peek from behind the banner. Below Right: Elaine Boston, Andrea Stevens, and Jenny Tressel work hard knowing practice makes perfect.

New Advisors

by Lisa Charley

Haromano and Pep Club both had a hard time getting started this year. Neither club had an advisor; therefore could not function. Students quickly talked two super people into advising the clubs. Mr. McKelley is the new advisor of Pep club, Mrs. Crites is the advisor of Haromano.

Pep Club has been busy spreading spirit around the school. Signs were painted for all the sports and hung on the walls and in the gym.

Haromano had a full schedule of activities this year. In September a picnic was held to welcome the new members. At the end of November a pizza and bowling party was held for all the members. During December, all the girls went to Edwin Shaw Christmas caroling, and then came back to school for a gift exchange. For the Sweetheart Dance everyone worked really hard to decorate the gym for the dance. At the end of May the closing banquet was held at Brown Derby, and the new officers were announced for next year.

Top HAROMANO. Front Row Sheryl Hurley, Nancy Burian, Chaplin Cindy Demali, Treasurer Teresa Gibson, Historian Tonya Boyd, President Beth Dies, Assistant Secretary Lisa Charley, Vice President Lori Haddix, Secretary Ann Gnefensien, Chris Conner, Susie Stevens, Second Row Sherri Hufford, Debby Duff, Tammy Lambiotte, Kim Moore, Michelle Dunphy, Kelly Herbruck, Wendee Park, Sandi Round, Karen Russell, Ann Burian, Monica Gleydura, Pam Whitt, Kelly Lidfherst; Third Row Jennifer Stevenson, Cindy Brookbank, Tina Smith, Tammy Johnson, Shela Snyder, Julie Wolonsky, Kim Hudson, Julie Oeltenger, Tammy Moore, Wendi Bell, Mary Jarvis; Fourth

Busy Planning

High standards of scholarship, character, citizenship and leadership are required of each member of National Honor Society. Any junior or senior having a 3.5 average plus other school and community accomplishments is eligible to be voted upon by SHS faculty. Members are inducted during a formal ceremony in March. NHS members elect their own officers and meet each month to plan activities such as movies, food baskets, fund raisers and other service projects.

Student Council planned many activities this year also. They sponsored several sock-hops held after home football games and the Christmas dance. Their largest project was the Homecoming dance, which set record attendance. Springfield's Council also participated in a student exchange with councils of other schools. This gave the members the opportunity to see how other school's councils are run.

Preparing For Leadership

"Upon my honor, I pledge, to prepare myself . . ." Preparation for this undertaking, as stated in the VICA pledge, begins with a commitment.

This year many vocational students were issued a challenge, to commit themselves to Excellence in Action. This is the theme of the Vocational Industrial Clubs of America in 1984-1985.

As in the past, Springfield High School remains an important part of the machinery that operates VICA at all levels. Promoting enthusiasm and pride as State Secretary is senior Julie Warner, also a former national candidate. Providing the North East Region with inspiration and commitment is Chaplain Elwood "JR" Boso. National delegates, Jeni Croft and Terry Halman gained invaluable experience at the National Leadership Conference in Louisville, Kentucky.

Top Right: Senior Jeni Croft takes a test with the hope of becoming a regional officer candidate. Above: Julie Warner lights the candle of her office during the installation of officers. Right: Bonnie Cole, Eric Wood, Tim Wilcox, Elwood Boso, and Sandy Dexter indicate their cooperative spirit before leaving for VICA summer camp.

First, But Not Last

Victor Cole

It is hard to bring a group together during the Christmas Holidays for fun and laughter. Everyone is hustling and bustling to get their Christmas shopping finished in the meantime, trying not to go bankrupt.

The place to have been was at the First Annual French and Spanish Club Christmas Party. Fun and laughter were two things that were not lacking. Songs of Christmas were sung in both French and Spanish. Santa Claus even took time from his busy schedule to join in the fun.

One of the main highlights of the

party was the pinatas. Various members from both clubs helped to make two pinatas. Food, being another highlight, was taken from two different cultures. The French culture provided a traditional Christmas cake, the Bouche de Noel. Nachos, Guacamole, and Bean dip were provided from the Spanish culture.

For excitement during your next Holiday Season stop in at the Second Annual French and Spanish Club Christmas Party, and find out if you like what you see.

Top Right: After the crowd has cleaned, Stefanie Twigg stays to count the candy she retrieved from the broken pinatas. Above Right: Andre Muto, Amy Taylor, and Lori Wallers are happiest when eating.

Top The food was by far the main event at the French and Spanish Club Christmas Party. Above The badly beaten, but unbroken, pinata is cared for by Monica Gleydura. Left A mighty blow of the stick is about to be administered by the masked Bryan Monteith.

Hitting That Note

This year's concert choir has increased tremendously in size from the past years, with a total of 105 members. Director John Morris has been very pleased with their performance. Admission to the choir is done by auditions only. This year's choir has done many things such as performed at the Quaker Hilton, Lakemore Plaza, gradeschools, junior highs, and Fall Winter, and Spring concerts, and the Music and Arts Festival.

Right: Preparing for his next class, Mr. Morris gets his music ready. Below: Performing at the Quaker Square Hilton, the choir adds some Christmas spirit by singing carols.

Left Performing at the Quaker Square Hilton was an added feature for the choir this year

A Dedicated Staff

by Andrea Mutn

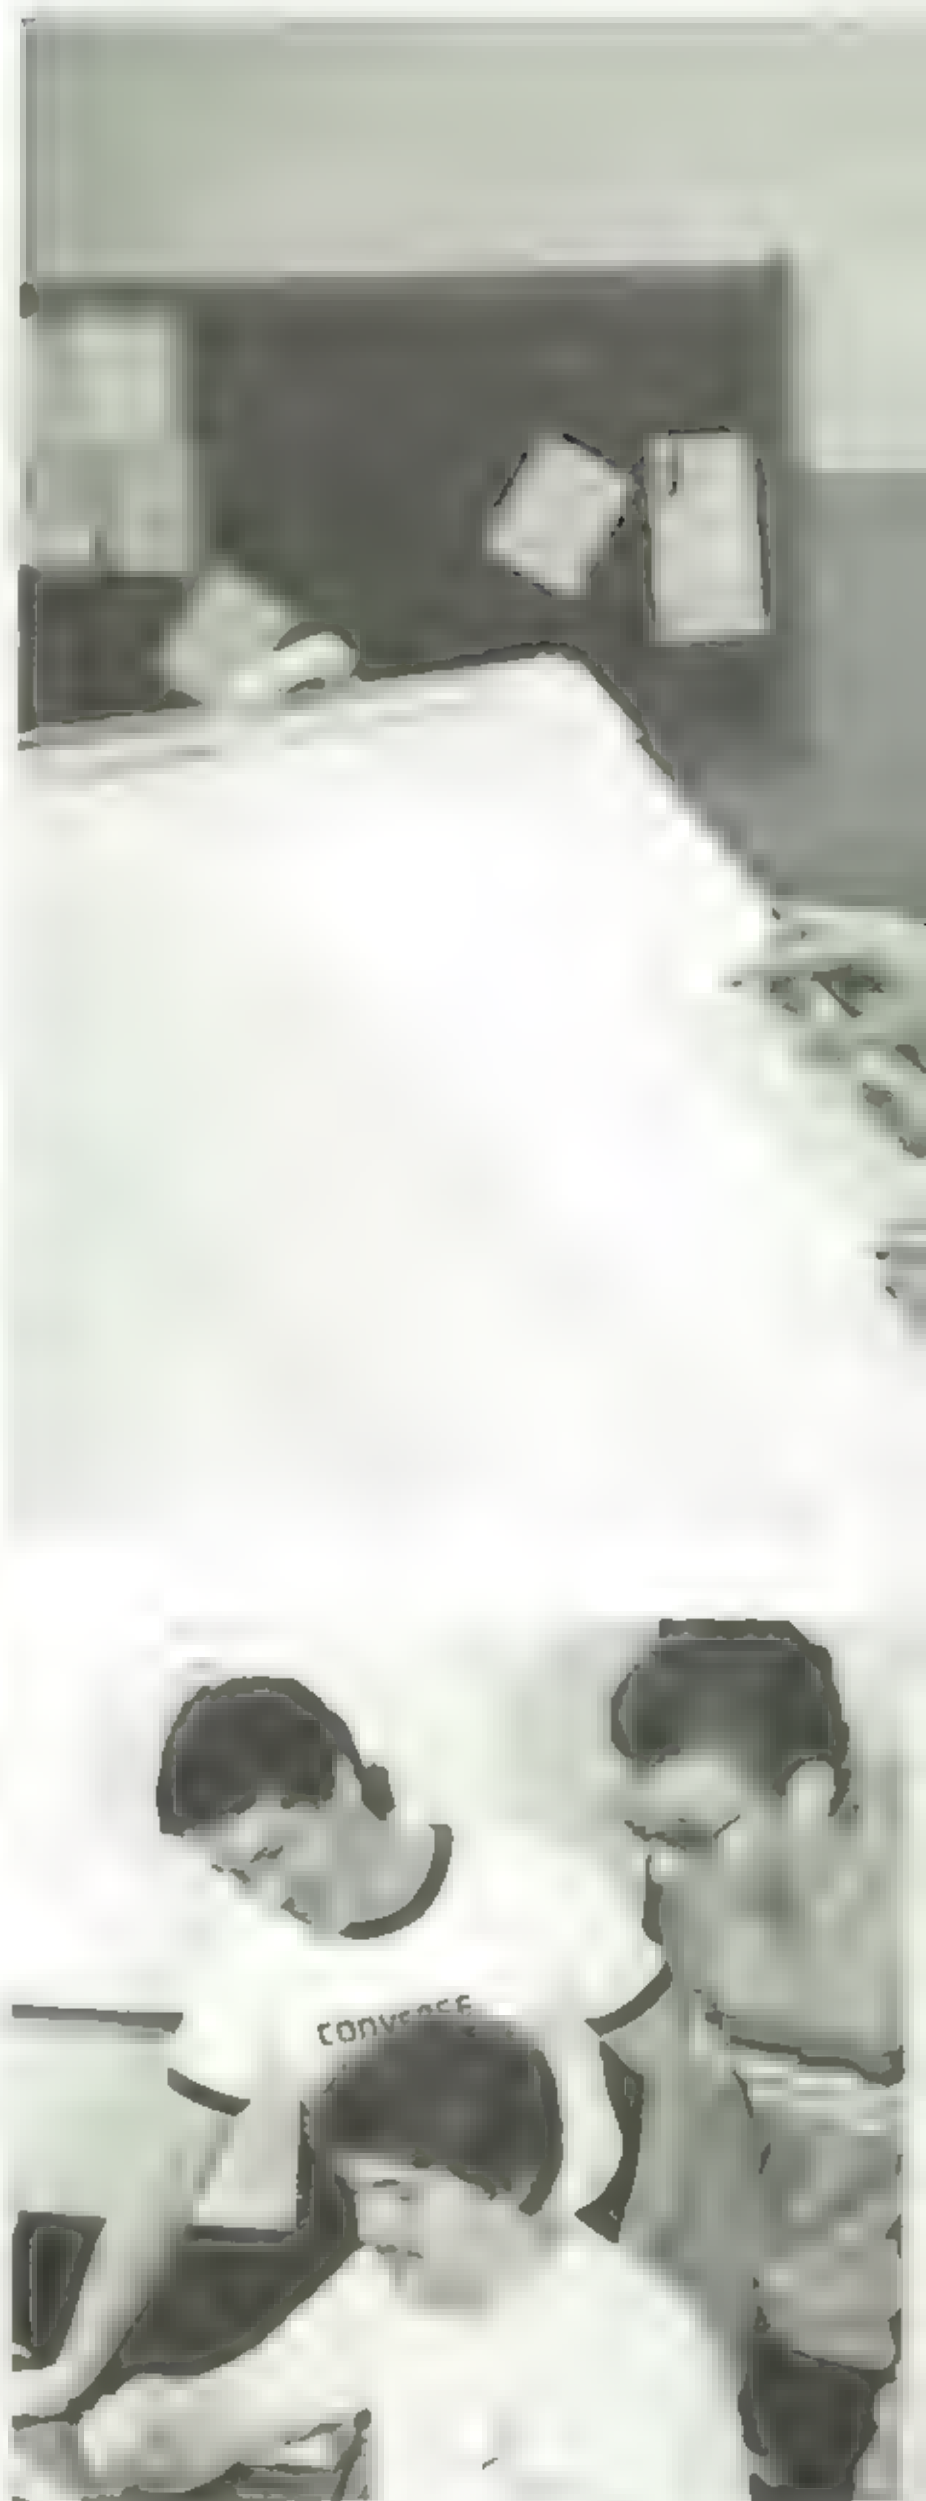

What does a newspaper staff have in common with a football squad? Both must be dedicated, both must utilize plans to run smoothly, and both rely upon teamwork.

This year at Springfield, Mr. Herro coached the Sprag to a successful season. Though he had never advised a newspaper staff before, he developed his own philosophy that emphasized student body participation. Short stories, puzzles, and poetry written by students were included in each issue of the Sprag. The staff also printed various articles and editorials reflecting beliefs and opinions of the student body.

Together the staff and Mr. Herro worked to put plans into action, meet deadlines, and organize thoughts into articles. Through intense team effort, the Sprag staff strove for quality and perfection in each issue of the Springfield Red and Gray.

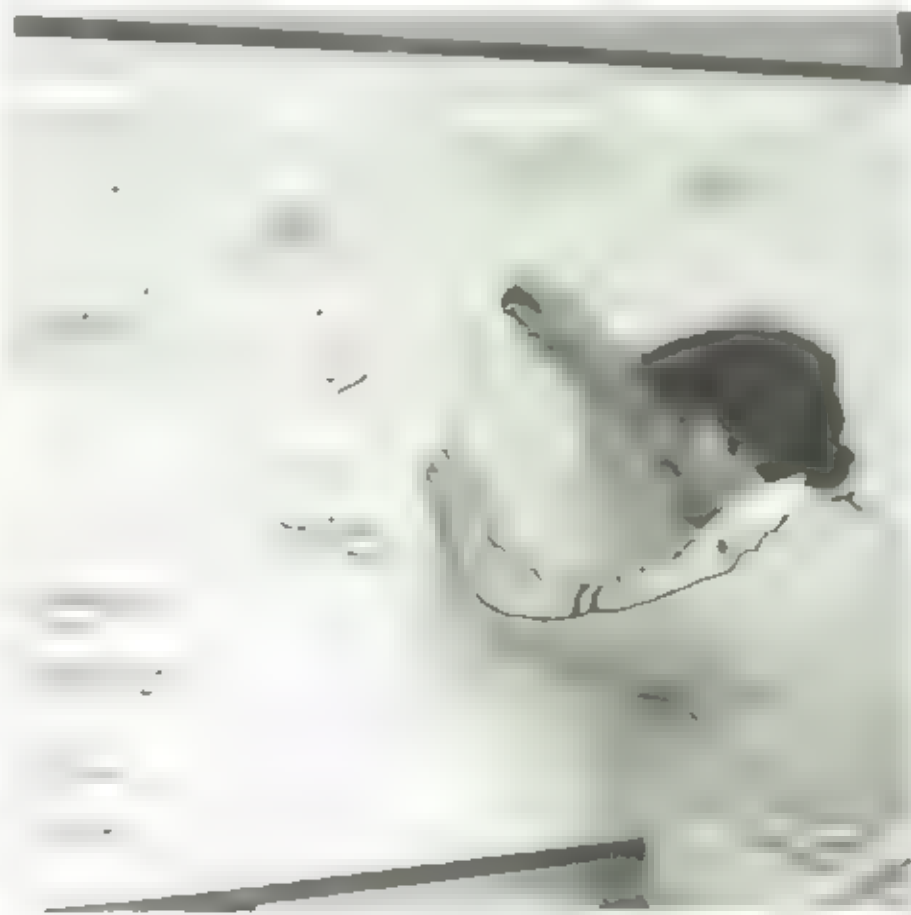

Above: The literary pride of Springfield High, the Sprag staff, pose for a group picture. Front: Cathy Rumbaugh and Monica Gleydura. Second row: Becky Wiedie, Bill Burkett, and Lisa Greathouse. Above Before tackling the slopes, Paul Stubbs, Greta Davies, Julie Oettinger, Ann Bunan, Nancy Bunan, Michelle Powell, Troy Maxwell, Tony Adamo, Jeff Jarvis, and Andrea Muto pause for a photograph by Charles Twigg.

Hitting the Slopes

Once again, Springfield's Ski Club terrorized the slopes of Boston Mills. This year's club had over 50 members; many of these were beginners. Fortunately, the area had beautiful skiing conditions for most of the season.

It was very impressive to see how quickly the new skiers advanced. All of the beginners received their intermedi-

ate stickers. All in all, it was a great season. It's obvious that "ski fever" has struck at Springfield; and ski club is here to stay!

by Charles Twigg

True Dedication

by Debby Gellertine and Cathy Ginsky

"Service to athletics by athletes", is the motto and the purpose of the Varsity 5 club. They are a group of students who have lettered in a varsity sport, this includes cheerleading and band.

The officers for this year are: president, Chris Coleman; vice-president, LeeAnn Crites; treasurer, Carol Carson; point secretary, Missy Mocarski; recording secretary, Kelly Moore; sergeant-at-arms, Joe Huff. The faculty advisor is Mr. Wallace.

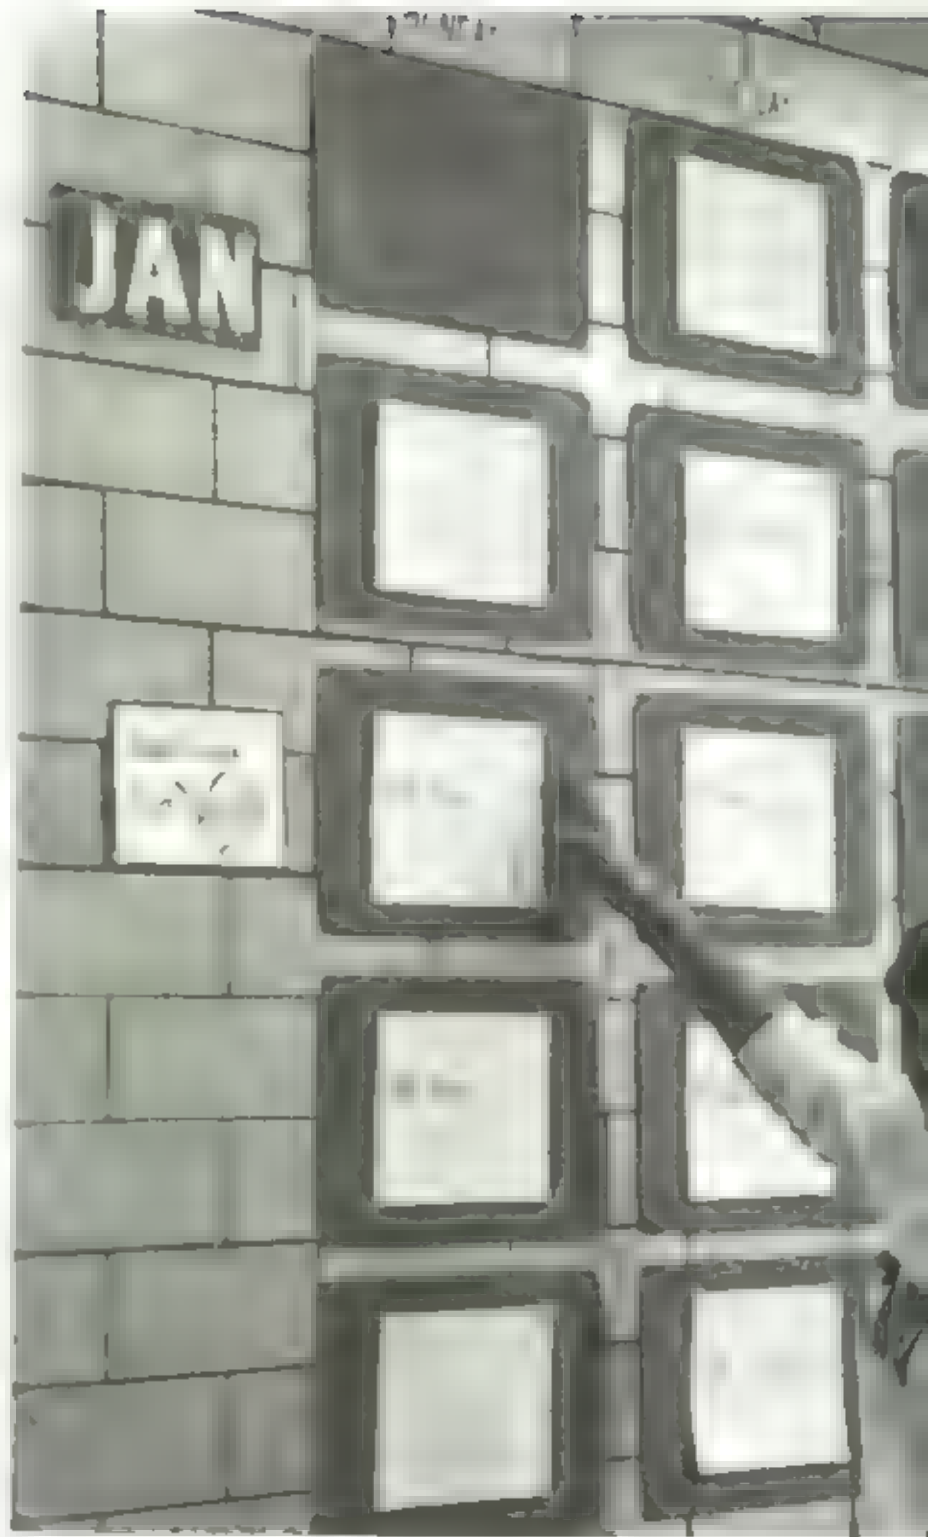

This club, not only services Springfield High, but is involved with community service projects. They sponsored a benefit basketball game, featuring the Harlem All-Stars and Springfield alumni. All the proceeds went to Special Olympics. Varsity 5 proudly presented \$750 to this special charity.

At Springfield High, they are responsible for the year-round athletic calendar in the cafeteria and the roster boards in the gym. They painted the murals in the cafeteria and in the weightroom. This group refused to put their paint brushes down. Over Thanksgiving vacation, they added color and warmth with a welcome sign to the entranceway leading to the gym.

Varsity 5 not only benefits Springfield's athletics, but also its athletes. This club is the true meaning of dedication.

Above Harlem All-Stars lift a new friend to soaring heights. Right: Andrea Stevens, Carol Carson, and Lisa Williams sign up to work at basketball games and wrestling matches.

Hedrick, Mike Belacic, Glenna Brannon, Chris Coleman, Mark Snyder, Mr. Wallace, Sixth Row: Jeff Coleman, Eric Ray, Tom Beasley, Bryan Monteith.

Fresh Start for Spartana

by Tami Carden

This year brought about many changes for the Spartana. Led by the new advisor, Mr. Steve McKelley and the totally new Spartana staff, the year proved to be quite challenging.

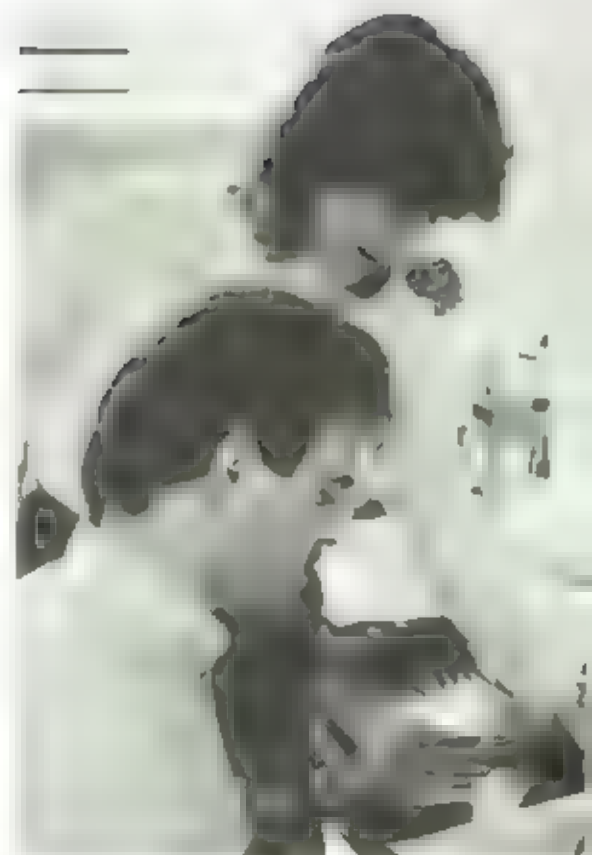

Although the Spartana staff got off to a late start, the staff managed to meet the first deadline. Through a successful advertising campaign and higher book sales, the staff managed to bring the cost of the yearbook

down considerably.

Students receiving their yearbooks in the spring was the last change made by the Spartana staff. Since 1981, students had been receiving their yearbooks in the fall.

Seniors dominated this year's staff. Consisting of 14 seniors and 3 juniors. The managing editor for the 1985 staff was senior, Cathy Glinsky.

Right: Andrea Muto receives advice from Mr. Steve McKelley concerning her layout.

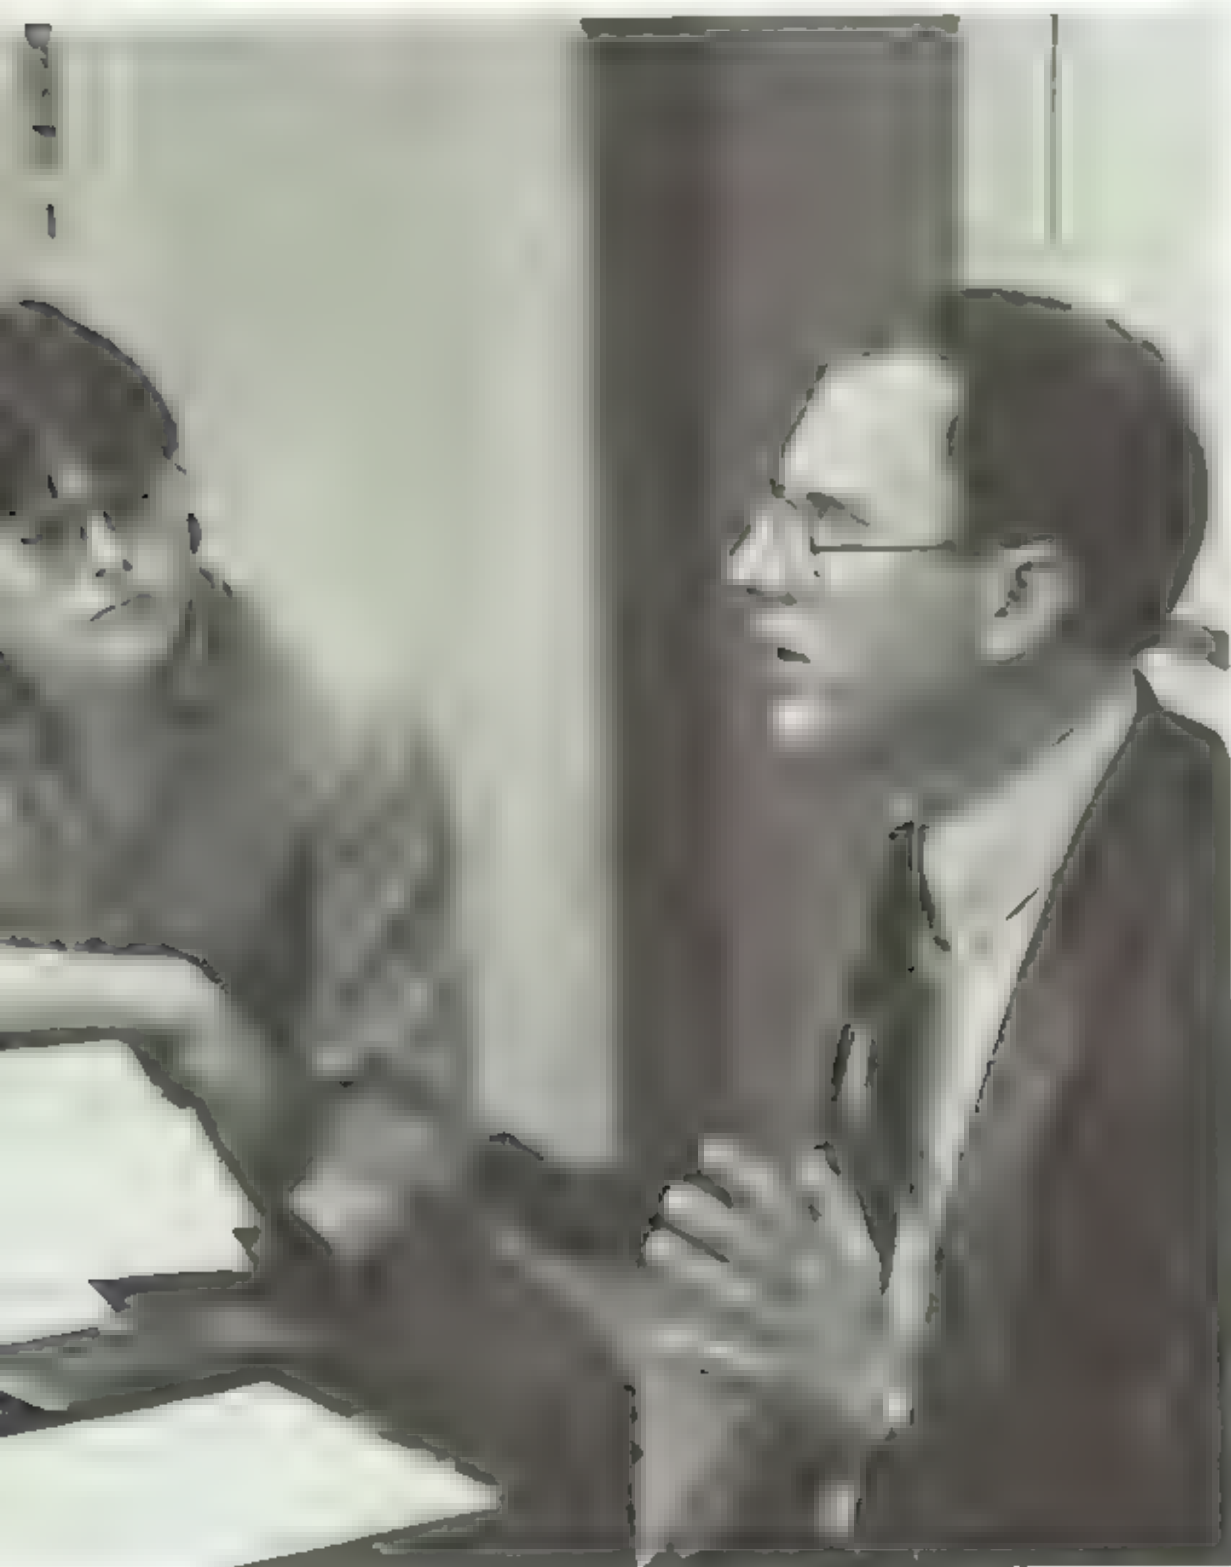

Above: Tami Carden and Laurie McClaskey listen attentively during one of the exciting meetings that take place in yearbook. Right: Mike Berger concentrates while working hard on his layout.

Left 1985 YEARBOOK STAFF: Front: Dave Nutt, Cathy Ginsky, Tami Carden, Laurie McClaskey Row 2 Advisor, Mr. Steve McKelley Victor Cole, Lisa Charlie, Lori Haddix, Stacy Claytor, Debby Gilleline, Andrea Muto Back Mr. Mike Welker, Cindy DeMali, Susan Wolford, Mark Graham, Charles Twigg Below Cindy DeMali makes a tough decision concerning her layout.

Above: Stacy Claytor works hard to meet the next deadline. Left Charles Twigg and Andrea Muto listen while Mr. Jim Barbour explains the sales campaign.

Just Looking AT People

After browsing through the stores the time comes to sit down and rest those weary feet. You may engage in a favorite pasttime at the Mall—people watching. If you have been straining to find your friends in the crowd, give your eyes a rest. Everybody is here. Have fun looking at familiar faces and gawking at perfect strangers.

Every face has something to say. Words are not necessary; expressions abound. The mad blinkers—there are a few in every crowd—they always seem to be caught with their eyelids in the middle. They could not decide

whether they looked better with their eyes open or their eyes closed. The serious look is quite intriguing. Are the students with braces trying to avoid a glare or was the camera man too quick on the trigger? It just might be that some students did not feel like smiling, but some did. You will see a variety of warm, happy smiles. As you sit resting, have fun just looking.

Left: Julie Walters and Ann Burian are caught in the middle of their conversation. Below: Springfield's own W.C. Fields, Mr. McChesney, is obviously amused by a student's joke.

Left: Although Rob Schadt is enjoying the cuisine, Matt Calcei and Eric St. John look unconvinced. Above: Now that is not a very nice thing to do Julie Warner.

Seniors Lead Off

by Tami Carden

They started off as lonely sophomores, stumbling around trying to find their first period class. Springfield was a totally new experience in their lives. In their next step they became the "middle men." By this time everything was familiar and the excitement was gone.

Now look at them, they are the Seniors. The excitement has returned and they know their days at Springfield are numbered. They must now make many decisions concerning their own lives. Senior class president Terry Halman, when asked what advice she could give her classmates, said "... I would challenge each of you to set goals, make commitments and to strive toward your greatest potential.

Right: 1985 SENIOR CLASS OFFICERS. Terry Halman, President; Marie Capan, Vice President; Cindy DeMall, Treasurer; Lori Haddix, Secretary.

Voice of Democracy

Over sixty students participated in the VFW-sponsored Voice of Democracy contest this year. The contest includes a three to five minute speech which must be taped and developed around a theme. This year the theme was "My Pledge to America."

From Springfield, sophomore Dan Falls placed third and received a fifteen dollar award and senior Andrea Muto was awarded fifty dollars for first place. This makes the third consecutive year that Andrea has won the contest. As a sophomore she placed fifth in district and received a fifty dollar bond. In all, Andrea has earned two hundred dollars through the contest.

Left: Three time winner, Andrea Muto, receives yet another award in the "Voice of Democracy" contest.

A Real Winner

A great deal of pride comes to a school as a result of winning athletic teams. However, athletics are only a part of what makes up a favorable image.

Juniors hope to build on that image by getting the class to recognize the need to be united in their efforts. One class officer cited the importance of valed and college prep students to share in and strive for common goals.

Junior class president, Beth Dies, believes that achieving these goals will help the students develop a good self image. It is hopeful that the results of this pride will lead to an even greater image for the school.

Juniors Bring Home Honors

Three of Springfield's juniors won honors during the course of the school year. Teresa Skello became the first girl from Springfield to qualify for the state cross country meet. At state competition, she did extremely well and finished fifth.

Two graphic art students, Ron Ridenour and Lora Toler, combined their efforts to design a logo for the Vocational Division of the State Department of Education. Their entry was selected as the winner of the statewide competition. Congratulations to these fine students.

Right: Teresa Skello prepares herself for the final race. Below Left: Taking her place on the winners platform, Teresa Skello proudly displays her plaque. Below Right: Smiling with accomplishment, Ron Ridenour and Lora Toler stand in front of their winning logo design.

On Their Way Up

Sophomores are spending much of this year for what lies ahead in their junior and senior year. Decisions made at the end of this year will determine which avenue the students will take.

Class president, Lisa Martell, stated that learning from the upperclassmen is important. She indicated that she would like to see an end to the parting of the ways that occurs when students choose different areas of study. It is hoped that more class activities will keep the students together. Though a few activities were planned, a lack of time, manpower and money forced them to be put aside.

One highlight that always exists for the sophomores is their opportunity to pick out class rings. Selections from Jostens and Herff Jones made the decision a tough one.

A very special thank you to all those who cooperated with us through interruptions, headaches, and hassles. To administrators, teachers, and students alike, we thank you.

Autographs

Tammy
to a great friend who has been
there when I needed you &
remember the good times in
the summer of '80. Love you
just what I need for everyone & you
will be there for
all

Don't ever forget about me. I
won't never forget about you.

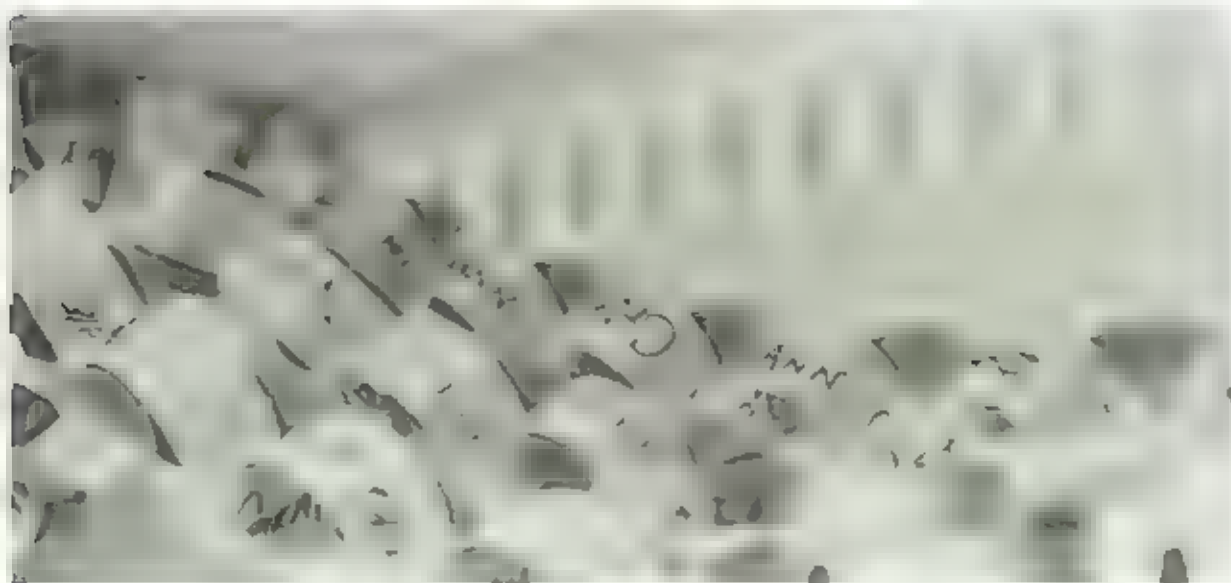

In Loving Memory

Jeffrey D. Scott

1967-1985

"When I am gone, remember I'm with Jesus; Then do not mourn because I've passed away. Life holds so many griefs and disappointments, And will you cry because I did not stay? 'Tis only for a spell we must be parted, Not many years to us on earth are given. And when my Savior tells me you are coming, I'll go with Him and welcome you to heaven. Grieve not because the eyes that looked upon you Shall never see your face on earth again; Rejoice, because they look upon the Savior Who gave His life to ransom sinful men. Weep not because I walk no longer with you, Remember, I am walking streets of gold. Weep for yourselves that you awhile must tarry Before the blessed Lord you may behold."

The photographs furnished, are from special times in Jeff's life. Pictures generating fond memories that will remain forever in our minds as well as in our hearts.

Enough Is Enough

This year Springfield High will lose three of its fine teachers to the "Home For Retired Teachers". From the many years of listening to lame excuses, smart remarks, and students who do not know when to shut up, they need a break. After this year Mr. Jones, Mrs. Marquard, and Mr. McChesney will enter the wonderful world of retirement, and will be dearly missed by all.

Mr. Jones came to S.H.S. in 1968, where he taught history in the central building. He has been Adult Education Director since 1980. Before coming to S.H.S. he taught eighth grade history, social studies, business education and was a supervising teacher at Springhill.

Mrs. Marquard graduated from Springfield in 1943 and started teaching math here in 1946. In 1950 she left teaching to raise a family. Being a glutton for punishment, she returned to the high school in 1960 to begin again.

Mr. McChesney is also a Springfield Alumni. He graduated from Springfield in 1952. He began teaching in 1957 as an English teacher and girls health teacher. As he prepares to leave, his message to all of us is "So long and smooth cinema sailing."

From all of us ... Good Luck in your retirement!

Left Andrea Muto has the dubious task of taking down the decorations from the Spanish party. Below Sue Harris and Tracy Scharfger seem to enjoy their French IV class.

Tammy,

To the most loving person I know
you've stuck with me to the finish and
I love you for that! whenever your mom
decides to like me again I hope we can
stay together forever! just keep your
hands to yourself and we'll always
be together I'm sure! I love you
more than anything in this world
and I hope you love me just as much.
(your mom too!) there's nothing much
I can really say but I love you and
thanks for being there when I need you!
Good luck in everything you do including
being a lifeguard (let the guys drown!!)

I LOVE YOU!

Love ya
forever
Kenny

Tammy,

To a good friend that
I've known for a pretty
long time, and that
dropped me for another
boy (??). Well hope we
friends for a long time

P.S. thanks for
the good time at Jorings
Love
Ma
M. M. M. M.

Tammy,

To a real sweet friend that I really got
to know this school year. Next year is
going to be the last one yet! This
summer is going to be a blast! I
tell you what I really have enjoyed being
around you this summer and next
year.

"86" Top's!

Love ya,
Tracy
Lucy

Tammy,

To a sexy stud-Et woman
that I had a lot of fun
with ever since 7th grade
I'm going to miss you over
the summer. Good luck
with your wild life

Love P. Richards

Tammy,

To a super nice & sweet
girl I really got to know
better this year. Have fun
over the summer, but try not
to get into too much trouble!
Good luck next year and in
whatever else you do!

Best of luck Always!

"86 Bucks" Missy

Tammy,

To a sexy girl that I've
known for a while. Good luck
in everything you do. See
you over the summer and
keep in touch.

Love ya
Joe
D. M.
